PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Managed project timelines and stakeholder engagement for the National Care Experience Programme (NCEP), ensuring delivery of operational data management commitments across health and social care services.
- Developed and refined project documentation, including reports and user guides for diverse audiences, ensuring clarity and adherence to HIQA's quality standards.
- Supported data management streams within NCEP by implementing best practices for data handling and digital design, contributing to improved service user experience surveys.
- Coordinated cross-functional teams and external stakeholders, including the Department of Health and HSE, to achieve project objectives for national health and social care initiatives.
- Analyzed operational support requirements and contributed to the design of data-driven solutions, enhancing the efficiency of service delivery reviews and quality assessments.
- Ensured adherence to regulatory and GDPR awareness within project data handling procedures, maintaining audit trails for sensitive health information.

SKILLS

Project Management – Operational Support, Stakeholder Engagement, Timeline Management, Resource Coordination, Risk Assessment.

Data Management – Data Quality Assurance, Data Governance, Data Analysis, Data Reporting, Digital Design.

Health & Social Care Standards – HIQA Standards, Quality Assurance, Regulatory Compliance, GDPR Awareness, Audit Trails.

Business & Operations – Business Process Improvement, Operations Management, Cross-functional Collaboration, Requirements Gathering, UAT Support.

Reporting & Documentation – Report Writing, Document Review, Editing, Proofreading, Technical Documentation, Confluence.

Technical Skills – Python, SQL, Java, Spring Boot, AWS, Linux, Jenkins, Jira, Power BI, Tableau.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

National Care Experience Programme (NCEP) Data Harmonization Initiative

- Led a 6-month project to harmonize data collection methods for national service-user experience surveys, integrating data from disparate health and social care providers.

- Developed automated data validation scripts in **Python** and optimized **SQL** queries across PostgreSQL and Oracle databases to ensure data accuracy and consistency, reducing data processing time by **30%**.
- Designed and implemented interactive dashboards in **Power BI** to visualize key performance indicators related to service quality and user feedback, enabling timely decision-making for HIQA stakeholders.

HCL Payments Operations Dashboard Enhancement

- Enhanced production support for a financial-services client's payments operations dashboard, focusing on transaction monitoring and operational alerting for failed payment messages.
- Implemented new features in **Java Spring Boot** to improve the visibility of payment flows and reconciliation workflows, supporting critical financial operations with **99.95%** uptime.
- Collaborated with business analysts to gather requirements for new alerting mechanisms, reducing manual intervention for payment exceptions by **40%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
