of Technology, Coimbatore, India**

01/2021

PROJECTS

Unified IT Support & AV Operations Platform (HCL Technologies)

- Developed and implemented a centralized **IT support and AV operations** platform, integrating ticketing, asset management, and AV equipment status monitoring, leading to a **20% improvement** in support ticket

turnaround time.

- Managed the deployment and maintenance of **audio-video equipment** across 50+ conference rooms, ensuring high availability for critical business meetings and live events, reducing AV-related support incidents by **30%**.
- Streamlined **computer imaging and refreshing** processes using automated scripts and deployment tools, reducing deployment time per machine by **50%** and ensuring consistent user environments.

Financial Services Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** by developing new transaction monitoring features and operational alerting for failed messages, improving visibility into payment flows.
- Supported production environments with strict SLAs, implementing robust monitoring and audit trails in collaboration with operations teams and business analysts.
- Automated data validation and reconciliation workflows using **Python and SQL**, reducing manual effort by **25%** and improving data accuracy for financial reporting.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
