PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and customized enterprise-grade CRM solutions on the **Creatio platform**, delivering end-to-end features that enhanced B2B sales workflows, resulting in a **15% increase** in lead conversion rates.
- Implemented backend business logic using **C#** and **SOLID** principles within the Creatio ecosystem, designing scalable customizations that supported complex CRM workflows and reduced system errors by **20%**.
- Built responsive frontend features using **TypeScript** and **Angular (Freedom UI)**, ensuring user-friendly interfaces for CRM interactions and improving user adoption by **25%**.
- Designed and implemented integrations with external systems using **REST APIs**, performing data mapping and error handling that ensured data integrity across interconnected systems and workflows, decreasing integration failure rates by **30%**.
- Collaborated with business analysts and product owners to translate functional requirements into technical solutions, actively participating in sprint planning, estimations, and agile ceremonies to ensure timely delivery of features.
- Maintained technical documentation and supported deployment and release processes for custom Creatio packages, ensuring system consistency across modules and facilitating a **99.9% uptime** for critical CRM operations.

SKILLS

Backend Development – C#, .NET, SOLID Principles, Business Logic, REST APIs, SOAP APIs.

Frontend Development – TypeScript, Angular (Freedom UI), UI Components, Responsive Design.

CRM Platform – Creatio Ecosystem, Objects, Business Processes, Custom Packages, UI Customization.

Integrations & Data – API-driven Integrations, Data Mapping, Error Handling, PostgreSQL, MS SQL, Data Integrity.

Agile & DevOps – Agile Ceremonies, Sprint Planning, CI/CD Pipelines, Deployment Processes, Technical Documentation.

Cloud & Architecture – Enterprise Architecture Patterns, Client-Server Interactions, Layered Architecture, Clean Code.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise B2B CRM Platform Enhancement (Creatio)

- Engineered a comprehensive suite of enhancements for a B2B CRM platform built on **Creatio**, focusing on scalable customizations and end-to-end feature delivery, impacting over **10,000 users**.
- Developed backend business logic using **C#** and integrated new frontend components with **TypeScript** and **Angular (Freedom UI)**, enabling advanced reporting and workflow automation that reduced manual processing time by **40%**.
- Designed and implemented REST API integrations with third-party marketing automation tools, ensuring seamless data flow and a unified customer view, which contributed to a **12% improvement** in campaign response rates.

Payments Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** for a financial-services client, implementing real-time transaction monitoring and operational alerting for failed payment messages, improving incident detection by **35%**.
- Developed Python scripts to automate data ingestion and validation processes for transaction reconciliation workflows, reducing manual reconciliation efforts by **50%** and ensuring data accuracy.
- Optimized SQL queries on **PostgreSQL** for the dashboard backend, improving report generation speed by **25%** and supporting strict audit trail requirements for regulatory awareness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
