PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed project financial performance by tracking and analyzing costs, budgets, and variance against projected forecasts, reducing unexpected overruns by **15%** through proactive risk identification.
- Generated bi-weekly project cost reports and financial summaries, ensuring accurate job costing for labor, materials, and subcontractor expenses to support project manager decision-making.
- Processed and tracked progress billings and milestone invoices, ensuring alignment with contract terms and client requirements, and maintained accurate accounts receivable records.
- Facilitated budget and forecast updates based on actual performance and projected costs, identifying opportunities for savings and contributing to a **10%** reduction in project expenditure variance.
- Ensured compliance with internal controls, audit requirements, and client reporting standards by maintaining accurate project financial records and supporting audit activities.
- Collaborated with project managers, operations teams, and the Plant Controller to provide financial insights, communicate project financial results, and ensure alignment with company objectives.

SKILLS

Project Financial Management – Cost Tracking, Budgeting, Forecasting, Variance Analysis, Job Costing, Financial Reporting

Billing & Revenue – Progress Billings, Milestone Invoices, Time-and-Materials Billing, Revenue Recognition, Contract Review, Accounts Receivable

Compliance & Documentation – Audit Requirements, Internal Controls, Financial Records, Client Reporting Standards, Documentation Management

ERP & Accounting Software – Sage300, SAP, Oracle, PostgreSQL, MySQL

Data Analysis & Reporting – Excel (Pivot Tables, Lookups), Power BI, Tableau, SQL, Data Visualization

Project Management Support – Stakeholder Communication, Operations Collaboration, Procurement Coordination, Risk Identification, Problem-Solving

Core Technologies – Python, Java, Spring Boot, REST APIs, AWS, Linux, Git, Jenkins

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Project Financial Control & Reporting Platform (HCL Technologies)

- Developed a comprehensive project financial control and reporting system for a major financial services client, integrating **Java Spring Boot** backend services with a **PostgreSQL** database to manage project budgets, track

expenditures, and generate variance reports.

- Implemented automated data pipelines using **Python** scripts to extract and aggregate financial data from disparate sources, reducing manual data entry time by **40%** and improving report generation speed by **50%**.
- Designed and deployed interactive dashboards using **Power BI** to visualize project cost performance, identify key cost drivers, and provide real-time insights to project managers, leading to a **12%** improvement in budget adherence across tracked projects.

Automated Reconciliation Workflow Engine (HCL Technologies)

- Engineered a Python-based engine to automate reconciliation workflows for a payments operations dashboard, processing over **1 million** transaction records daily and reducing manual reconciliation effort by **75%**.
- Integrated with Oracle and PostgreSQL databases to validate transaction data against expected financial flows and flag discrepancies, ensuring adherence to strict operational SLAs and audit trail requirements.
- Developed robust error handling and alerting mechanisms using **Splunk** integration, enabling near real-time identification and resolution of reconciliation failures, maintaining a **99.95%** data integrity rate.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
