PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and deployed **Java Spring Boot microservices** for AI and IoT integrations, enhancing system throughput by **30%** through optimized RESTful API design and asynchronous processing.
- Engineered **Python scripts** to automate data ingestion pipelines from diverse IoT devices, reducing manual data preparation time by **45%** and improving data accuracy for downstream AI model training.
- Managed and troubleshooted production issues for **cloud-native applications** on **AWS**, achieving **99.95% uptime** and resolving critical incidents within defined SLAs using **Splunk** and **Dynatrace** for observability.
- Integrated **LLM capabilities**, including RAG-style retrieval and workflow orchestration, into enterprise applications, improving user query response times by an average of **20%**.
- Designed and implemented **IoT integrations** for telemetry ingestion and device status monitoring, supporting a fleet of over **10,000 connected devices** and improving system resilience.
- Executed full-stack feature development, building secure, high-quality **Java backend services** and collaborating on UI enhancements to deliver end-to-end business value, contributing to **5 major product releases**.

SKILLS

Backend Development – Java, Spring Boot, Python, Microservices, RESTful APIs, Flask, FastAPI

AI/ML & IoT – LLMs, Generative AI, RAG, PyTorch, TensorFlow, scikit-learn, Hugging Face, IoT Architectures, Device Management, Telemetry Ingestion

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes, Helm, Jenkins, Git, CI/CD

Databases – PostgreSQL, MySQL, Oracle, NoSQL

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, R, pandas, NumPy

System Design & Operations – Distributed Systems, Application Development, Operational Stability, Splunk, Dynatrace, Incident Response, Change Management

Methodologies & Tools – Agile, Scrum, Jira, Confluence

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

AI-Powered IoT Device Management Platform (HCL Technologies)

- Developed a scalable backend system using **Java Spring Boot** and **PostgreSQL** to manage device registration, telemetry ingestion, and health monitoring for a simulated fleet of 50,000 IoT devices.

- Integrated a **RAG-style LLM** for natural language querying of device status and historical performance data, reducing average information retrieval time by **35%** for operations teams.
- Implemented **Docker containers** orchestrated by **Kubernetes** for deployment and scaling, ensuring high availability and efficient resource utilization with **99.9% uptime**.
- Designed and built RESTful APIs for seamless integration with external building management systems, enabling automated responses to device alerts and improving operational efficiency by **25%**.

Financial Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a **payments operations dashboard** with real-time transaction monitoring capabilities, processing over **1 million transactions daily** with **99.9% accuracy**.
- Developed Python scripts for automated data validation and reconciliation workflows, reducing manual intervention by **50%** and ensuring data integrity for regulatory compliance.
- Provided production support for the dashboard, troubleshooting P1/P2 incidents and implementing fixes within strict SLAs, contributing to a **15% reduction** in critical system alerts.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
