

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and maintained **Java Spring Boot microservices** for the Employee Platform, contributing to the design and delivery of secure, stable, and scalable HR technology products, achieving a **99.9% uptime**.
- Constructed secure, high-quality production code and algorithms for synchronous system execution, resolving complex technical issues and troubleshooting production incidents within a **large corporate environment**, reducing critical bugs by **15%**.
- Designed and implemented **RESTful APIs** for backend integrations, supporting full-stack capabilities across UI and services to deliver responsive user experiences for HR technology solutions.
- Analyzed and synthesized large, diverse datasets, developing visualizations and reporting using **SQL** and **Java** to identify patterns and drive improvements in software applications and system architecture, leading to a **10% reduction in system errors**.
- Executed software solutions and technical troubleshooting with an innovative approach, addressing design constraints and ensuring the delivery of reliable backend integrations for the Employee Platform.
- Contributed to the **Software Development Life Cycle (SDLC)** and **Agile/Scrum** processes, participating in code reviews, defect tracking, and implementing application resiliency and security best practices.

SKILLS

Backend Development – Java, Spring Boot, Microservices, REST APIs, SQL, Database Querying.

Frontend Development – React, JavaScript, TypeScript, UI Development.

Cloud Technologies – AWS (EC2, S3, Lambda, CloudWatch), Docker.

DevOps & CI/CD – Jenkins, Git, Agile/Scrum, SDLC, Application Resiliency, Security.

Data Analysis & BI – Data Synthesizing, Visualizations, Reporting, Data Sets.

Enterprise Systems – HR Technology, Production Code, System Architecture.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Employee HR Platform Modernization (HCL Technologies)

- Engineered a **Java Spring Boot microservices architecture** to support the Employee Platform, enhancing system scalability and delivering secure HR technology products with **99.95% availability**.
- Developed and integrated **RESTful APIs** for seamless data exchange between front-end **React** components and backend services, improving data retrieval times by **30%**.

- Implemented robust **SQL database querying** and data validation strategies for the PostgreSQL backend, ensuring data integrity and supporting complex reporting requirements for HR analytics.
- Integrated **AWS services** including EC2 and CloudWatch for deployment and monitoring, ensuring operational stability and contributing to the overall **SDLC** and CI/CD pipeline managed by Jenkins.

Financial Services Transaction Monitoring Dashboard

- Supported a **payments operations dashboard** for a financial-services client, focusing on transaction-flow monitoring and operational alerting for failed payment messages.
- Managed production environments with strict SLAs and audit trails, ensuring **GDPR awareness** and contributing to reconciliation workflows and transaction monitoring.
- Collaborated with operations teams and business analysts to gather requirements and provide post-implementation triage for critical financial operations systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
