

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and maintained production attributes using **KEL**, **Python**, and **Java**, integrating data from diverse sources to support attribute logic creation for the insurance vertical, achieving **99.5% data consistency**.
- Executed comprehensive testing of developed attributes for quality and consistency, employing techniques like constant monitoring and auditing to identify and resolve bugs in moderately complex projects, reducing defect re-open rates by **15%**.
- Resolved critical bugs and implemented fixes within attribute development applications, ensuring seamless operation and maintaining service level agreements (SLAs) for attribute availability and performance.
- Authored and updated comprehensive documentation for all attributes and attribute sets, creating clear user guides and training materials that improved onboarding time for new team members by **20%**.
- Collaborated with Modelling and Technology teams to design and implement new attributes and attribute sets, responding to evolving business requirements and ensuring accurate integration into the production environment.
- Managed change-control processes for system configuration updates and supported User Acceptance Testing (UAT) coordination for enterprise business systems, ensuring smooth post-go-live transitions and minimal disruption.

SKILLS

Data Science & Analytics – Attribute Development, Data Analysis, Statistical Analysis, Machine Learning Fundamentals, Data Modelling, Power BI, Tableau, R, DAX, Power Query

Programming Languages – Python, Java, SQL, C++, ECL

Data Management – Relational Databases, PostgreSQL, MySQL, Oracle, Data Warehousing, ETL

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Tools & Platforms – Jira, Confluence, Splunk, Dynatrace, KEL

Methodologies – Agile/Scrum, Change Management, Incident Response, UAT Support

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Insurance Risk Attribute Development Platform

- Engineered a Python-based platform for the creation and maintenance of insurance risk attributes, integrating data from multiple disparate sources using **SQL** and custom parsers.

- Implemented automated testing suites using **Python** and **ECL**, performing rigorous data validation and consistency checks that reduced manual testing effort by **40%** and increased attribute accuracy.
- Developed a comprehensive documentation module, generating user guides and API references dynamically, which improved attribute usability and reduced support tickets by **25%**.

HCL Payments Operations Dashboard Enhancement

- Enhanced a **Java Spring Boot**-based payments operations dashboard to provide real-time transaction monitoring and operational alerting for failed payment messages, processing over **100,000 transactions daily**.
- Optimized SQL queries against PostgreSQL databases, improving data retrieval times for reconciliation workflows by **30%** and supporting audit trail generation for regulatory compliance.
- Developed **Python** scripts for automated data validation and anomaly detection within transaction flows, contributing to a **99.9%** uptime for the critical financial-services dashboard.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
