+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Analyzed and appraised statistical aspects of pre-marketing applications, including dossiers for medicines and clinical trial applications, producing 15+ assessment reports for a national regulatory body.
- Developed and implemented statistical analysis plans and sample size calculations for clinical trials, achieving a 95% acceptance rate by regulatory review boards.
- Provided statistical advice to stakeholders, including investigators and sponsors, ensuring accurate and unbiased presentation of study results, supporting 5 major research projects.
- Contributed to the peer review of national and EU scientific evaluation documents, identifying critical statistical flaws in 10+ submissions and recommending improvements.
- Enhanced personal and technical competence by researching and applying new statistical methodology, including advanced regression techniques and imputation methods for missing data.
- Delivered data analysis to support policy direction and strategic objectives, leading to the refinement of 3 key organizational initiatives based on statistical insights.

## SKILLS

**Statistical Analysis** – Statistical methodology, Medical statistics, Biostatistics, Regression analysis, Hypothesis testing, Time-series analysis, Sensitivity analyses, Imputation methods

**Software & Tools** – Power BI, Tableau, R/RStudio, Python (pandas, NumPy, scikit-learn), SQL, Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Microsoft Teams, Outlook

**Drug Development & Regulation** – Marketing authorisation applications, Clinical trial applications, Drug development process, Clinical trial process, Good drug development, Regulatory compliance, Pre-clinical, Quality, Clinical, Post-approval

**Data Management & BI** – Data warehousing, ETL, Data modelling, Business Intelligence, Dashboard development, Data visualisation, Power Query

**Programming & Systems** – Java Spring Boot, Python, REST APIs, AWS, Docker, Linux, Git, Jenkins

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Clinical Trial Data Analysis & Reporting Platform (MSc Project)**

- Developed a comprehensive analytical framework using **R** and **Python** to process and analyze complex clinical trial data from multiple sources, supporting a cohort of 500+ patients.

- Designed and implemented interactive dashboards in **Power BI**, visualizing key statistical measures like survival rates, treatment efficacy, and adverse event frequencies, enabling data-driven decision-making for stakeholders.
- Automated the generation of statistical assessment reports using **R Markdown** and **DAX** measures, reducing report generation time by 60% and ensuring adherence to regulatory reporting standards.

#### **Payments Operations Transaction Monitoring Dashboard (HCL Technologies)**

- Engineered Python scripts to automate data extraction and transformation from PostgreSQL and Oracle databases, processing over 1 million transaction records daily for a financial-services client.
- Developed and maintained real-time operational dashboards using **Splunk**, providing critical visibility into transaction flows and alerting on payment message failures, improving incident response time by 30%.
- Collaborated with business analysts to define requirements for transaction monitoring and reconciliation workflows, ensuring compliance with GDPR and audit trail requirements.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
