PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved over **150 end-user IT support tickets** per month, exceeding SLA targets by **15%** through direct intervention and efficient escalation in a helpdesk system.
- Managed the creation and disabling of **50+ new user accounts** and leaver accounts monthly in **Active Directory / Azure AD**, ensuring compliance with security policies.
- Supported a corporate mobile device fleet of **200+ devices**, handling setup, distribution, and incident resolution for both **iOS and Android** platforms.
- Performed essential IT administrative tasks including **password resets and access permission management** for 300+ users, maintaining operational continuity.
- Facilitated **IT equipment ordering and delivery** for multiple sites, reducing deployment lead times by **20%** through proactive inventory management.
- Collaborated daily with the Service Desk to escalate complex incidents and align on best practices, contributing to a **10% improvement** in first-contact resolution rates.

of Technology, Coimbatore, India**

01/2021

PROJECTS

Unified IT Service Delivery Platform (HCL Technologies)

- Developed a comprehensive **IT service delivery platform** to centralize support requests and streamline incident management for a global enterprise.
- Implemented automated workflows for **user account provisioning and de-provisioning** within Active Directory and Azure AD, reducing manual processing time by **40%**.

- Integrated **remote access tools** (Team Viewer, RDP) into the platform, enabling real-time support for over 1,000 end-users across multiple geographic locations, improving resolution times by **25%**.

Mobile Device Management & Security Enhancement (HCL Technologies)

- Engineered a standardized process for the setup, configuration, and deployment of corporate mobile devices (**iOS and Android**), supporting a fleet of **300+ devices**.
- Managed incident handling and troubleshooting for mobile device issues, achieving a **95%** user satisfaction rate through timely resolution and clear communication.
- Ensured adherence to security policies by implementing device-specific configurations and managing access permissions, minimizing security vulnerabilities.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
