

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Performed physical decommissioning of network and power cables within data centre racks, completing **150+ cable removal tasks** per shift following strict checklists.
- Executed hardware removals (DBD) and prepared, staged, started up, and shut down IT equipment according to **written guides and standard operating procedures**, ensuring 99.9% adherence to process.
- Managed the running, labeling, staging, and organization of new power and network cabling, contributing to the successful deployment of **over 500 meters of structured cabling** per project phase.
- Conducted physical audits of data centre assets, accurately logging over **1,000 hardware components** using Microsoft Excel for inventory management and tracking.
- Supported the installation, replacement, and decommissioning of IT equipment in a live data centre environment, working collaboratively with senior technicians to maintain operational integrity.
- Ensured adherence to all standard operating procedures and safety rules during hands-on data centre tasks, contributing to a **zero-incident rate** for physical safety within the work area.

SKILLS

Data Centre Operations – Hardware Decommissioning, Cable Management, Rack & Stack, Physical Audits, IT Equipment Installation, Asset Tagging, Standard Operating Procedures, Safety Compliance

IT Fundamentals – Computer Hardware, Servers, IT Components, Basic Networking Concepts

Productivity Software – Microsoft Excel, Microsoft Word, Microsoft Outlook

Technical Documentation – Following Checklists, Written Instructions, Procedure Adherence

Physical IT Tasks – Hands-on Data Centre Work, Cable Removal, Hardware Setup, Decommissioning Projects

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Data Centre Hardware Decommissioning and Recabling Initiative (Microsoft)

- Managed end-to-end decommissioning of **200+ server racks**, including meticulous removal of all network and power cabling, contributing to a **20% reduction in data centre footprint**.
- Executed the installation and organization of new network and power cabling infrastructure, staging and labeling over **5,000 cable runs** to support hardware refresh cycles.
- Performed detailed physical audits of decommissioned and staged hardware, reconciling asset tags against inventory logs in **Microsoft Excel** with **99.5% accuracy**.

Financial Services Operations Dashboard Enhancement

- Supported production environments for a financial-services client, focusing on transaction monitoring and operational alerting for failed payment messages, maintaining **99.9% system uptime**.
- Automated data validation processes using **Python scripting** and **SQL** against PostgreSQL and Oracle databases, reducing manual reconciliation efforts by **30%**.
- Contributed to feature enhancements for a payments operations dashboard, developing REST APIs with **Java Spring Boot** and participating in Agile ceremonies.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
