

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved complex customer issues across the **MongoDB ecosystem**, including database server, drivers, and cloud services, achieving a **95% customer satisfaction** rating.
- Administered and troubleshoot **Linux systems**, addressing performance bottlenecks, memory utilization, and I/O issues to maintain **99.9% uptime** for mission-critical production environments.
- Managed and troubleshoot complex, mission-critical production systems, including **database-backed enterprise applications**, reducing critical incident resolution time by **20%**.
- Analyzed issues holistically from application tier through database and down to storage and infrastructure, improving system diagnostic accuracy by **15%**.
- Supported and troubleshoot customer environments on **AWS**, utilizing services like EC2 and CloudWatch to ensure optimal performance and availability.
- Developed and maintained automation scripts in **Python**, enhancing operational efficiency for tasks such as data pipeline management and scheduled reporting, saving an estimated **10 hours per week** in manual effort.

SKILLS

Core Technical – Linux Systems Administration, Networking Concepts (DNS, TCP/IP, SSL/TLS), Cloud Infrastructure (AWS), Kubernetes, Database Administration (RDBMS, NoSQL), Scripting (Python)

MongoDB Ecosystem – MongoDB Server, Drivers, Atlas, Cloud Manager, Ops Manager, Compass

Troubleshooting & Diagnostics – Performance Analysis, Memory/I/O Troubleshooting, Root Cause Analysis, Application Tier to Infrastructure Diagnostics

Operations & Reliability – Mission-Critical Systems Support, Backup & Restore, Disaster Recovery, Observability Tools, Incident Management

Development & Automation – Python Scripting, Java Spring Boot, REST APIs, CI/CD (Jenkins), Docker

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

MongoDB Performance Diagnostics and Automation Suite

- Developed a suite of Python-based diagnostic tools to analyze performance issues across the MongoDB ecosystem, reducing average diagnostic time by **30%**.
- Integrated tools with **AWS CloudWatch** and simulated large-scale data loads to benchmark performance, identifying and resolving bottlenecks in customer configurations.

- Implemented automated data collection and analysis for common issues related to query performance, storage I/O, and network latency, supporting over **100 customer engagements**.

HCL Financial Services Transaction Monitoring Dashboard

- Enhanced a payments operations dashboard by implementing real-time transaction monitoring for failed payment messages, reducing critical alerts by **25%**.
- Developed automated alerts and reporting using **Python** and **SQL** across PostgreSQL and Oracle databases, ensuring adherence to strict SLAs and audit trail requirements.
- Collaborated with business analysts to refine reconciliation workflows and operational alerting mechanisms, improving overall system stability for financial services operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
