PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Produced operational management information (MI) including **KPIs** and **dashboards** by analysing transaction data, proactively identifying risks and opportunities for improvement, contributing to a **15% reduction** in process bottlenecks.
- Supported the SBCI Digital Team by coordinating **User Acceptance Testing (UAT)** activities for new features, managing defects through to resolution and ensuring **98% test case pass rate**.
- Resolved internal and external stakeholder queries across SBCI mailboxes, maintaining **agreed service standards** and supporting a **99.5% SLA adherence** rate for operational support.
- Documented and mapped business processes for SBCI operations, driving **continuous improvement initiatives** that enhanced operational efficiency by an estimated **10%**.
- Developed and maintained **Java Spring Boot REST APIs** for enterprise business systems integrations, supporting cross-system data flows and reducing integration latency by **20%**.
- Automated routine data validation and reporting tasks using **Python scripting**, reducing manual effort by **30 hours per month** and improving data accuracy.

SKILLS

Operations & Analysis – Process Improvement, KPI & Dashboard Reporting, Stakeholder Management, UAT Coordination, Operations Support, Business Process Governance, Quality Assurance, MI Production

Software Development – Java Spring Boot, REST APIs, Python Scripting, SQL (PostgreSQL, MySQL, Oracle), Git, Jenkins

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Statistical Analysis, R

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux Shell Scripting

Project Management & Tools – Agile/Scrum, Jira, Confluence, Microsoft Office Suite (Excel, Word, PowerPoint), Blueworks

Financial Services Operations – Transaction Monitoring, Reconciliation Workflows, Payments Operations Dashboard Support, Regulatory Awareness (GDPR)

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

SBCI Operational Performance Dashboard (Power BI)

- Developed an interactive **Power BI dashboard** for the SBCI Operations team, consolidating **KPIs** and operational metrics from disparate sources to provide a unified view of performance.
- Designed and implemented complex **DAX measures** and data models within Power BI to accurately track key operational indicators, including query response times, SLA adherence, and process efficiency.
- Automated data ingestion and transformation using **Power Query**, integrating data from SQL databases and Excel files to ensure the dashboard reflected near real-time operational status, reducing manual reporting time by **40 hours per quarter**.

HCL Financial Services Transaction Monitoring System

- Enhanced a **payments operations dashboard** by implementing new monitoring capabilities for transaction flows, supporting a financial-services client with **real-time alerting** for failed payments.
- Developed **Python scripts** to automate data validation and reconciliation checks within the payments processing workflow, improving data integrity and reducing reconciliation discrepancies by **25%**.
- Managed production support activities for the dashboard, including incident response and SLA management on **AWS** infrastructure, maintaining **99.9% uptime** for critical operational services.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
