PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Analyzed pension, actuarial, and financial data from 20+ Portfolio Companies, identifying trends and anomalies to support shareholder oversight objectives, improving data accuracy by **15%**.
- Coordinated data and materials requests from various Portfolio Companies, establishing standardized reporting templates that reduced data retrieval time by **30%**.
- Assisted in the preparation of high-quality reports for Government Ministers and Departments by synthesizing complex financial and pension disclosures, ensuring **100%** compliance with reporting deadlines.
- Conducted in-depth pensions industry analysis and researched market trends, contributing insights that informed strategic advisory assignments for state-owned entities.
- Supported NewERA team members in interpreting and analyzing pension disclosures within financial statements, enhancing the collective understanding of liabilities across the portfolio.
- Managed change control processes for system configuration updates and coordinated User Acceptance Testing (UAT) for enterprise business systems, ensuring seamless integration and post-go-live stability.

SKILLS

Financial Analysis – Pension Analysis, Actuarial Data, Financial Statement Analysis, Market Trend Research, Investment Analysis.

Data Management & Reporting – Data Coordination, Reporting Template Development, Data Synthesis, Report Preparation, Data Validation.

Business Systems & Support – ERP Systems Support, Change Control Management, UAT Coordination, System Integrations, REST APIs.

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Statistical Analysis, R, Python (pandas, NumPy).

Core Technologies – SQL (PostgreSQL, MySQL, Oracle), Java Spring Boot, Python, AWS, Linux, Git, Jenkins.

Operational Excellence – Production Support, Incident Response, SLA Management, Audit Trails, GDPR Awareness.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Pensions Advisory & Portfolio Analysis Platform (HCL Technologies)

- Developed a data analysis platform using **Python** and **SQL** to process and analyze pension and actuarial data from multiple financial entities, reducing manual analysis time by **40%**.

- Integrated with various data sources via **REST APIs** and database connections (**PostgreSQL**, **Oracle**) to aggregate financial disclosures and pension liabilities, supporting a unified view for shareholder oversight.
- Built interactive dashboards in **Power BI** to visualize key pension metrics, market trends, and portfolio company financial health, enabling faster decision-making for senior management and stakeholders.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a payments operations dashboard by implementing real-time transaction monitoring and alerting for failed payment messages, improving issue detection time by **50%**.
- Automated data validation and reconciliation workflows using **Python** scripting and **SQL** queries against **PostgreSQL** databases, ensuring data integrity and adherence to strict SLAs in a regulated production environment.
- Supported incident response and P1/P2 issue resolution for critical financial services applications, maintaining **99.95%** uptime and detailed audit trails.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
