PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Provided Tier 1 support for the **Dayforce HRIS platform**, troubleshooting system issues and identifying root causes to resolve problems, reducing recurring incidents by **15%**.
- Configured and maintained standard and ad hoc **Dayforce reports**, partnering with HR and Payroll to deliver accurate, timely data and support dashboards for improved decision-making.
- Performed basic **Dayforce configuration** across modules including Core HR and Payroll, supporting regression testing and validation for system changes and releases.
- Monitored and supported **data integrity** across Dayforce through regular audits and validation checks, assisting with testing related to regulatory changes and improving payroll accuracy by **10%**.
- Developed Python scripts to automate data extraction and validation processes for HR systems, reducing manual data handling effort by **20 hours** per cycle.
- Maintained comprehensive documentation and standard operating procedures for HRIS processes, contributing to a **30%** improvement in onboarding efficiency for new HR team members.

SKILLS

HRIS Platforms – Dayforce, HR Services, Payroll Systems

System Support & Operations – Tier 1 Support, Issue Troubleshooting, Root Cause Analysis, Incident Resolution, Change Management, UAT

Configuration & Maintenance – System Configuration, Regression Testing, Data Audits, Validation Checks, SOP Development

Reporting & Analytics – Ad Hoc Reporting, Standard Reports, Dashboard Configuration, Data Visualization, Power BI, Tableau

Data Management & Compliance – Data Integrity, Data Accuracy, Regulatory Compliance, GDPR Awareness

Programming & Scripting – Python, SQL (PostgreSQL, MySQL, Oracle)

Tools & Methodologies – Jira, Confluence, Agile/Scrum, Jenkins, Git, Linux

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Global HRIS Data Integrity & Reporting Enhancement (HCL Technologies)

- Developed automated Python scripts to perform daily validation checks on employee data across HR and Payroll modules, identifying and flagging data discrepancies with **99.8% accuracy**.

- Configured and deployed enhanced reporting dashboards in **Power BI** to provide real-time visibility into key HR metrics, enabling leadership to make data-driven decisions and reduce reporting generation time by **50%**.
- Collaborated with cross-functional HR and Payroll teams to define reporting requirements and conduct User Acceptance Testing (UAT) for new system configurations, ensuring alignment with business needs.

Enterprise Business Systems Integration & Support (HCL Technologies)

- Supported and integrated with core ERP modules and operational platforms, ensuring seamless data flow through REST APIs and direct database integrations.
- Managed change control processes for system configuration updates, coordinating User Acceptance Testing (UAT) and providing post-go-live support to minimize disruption to business operations.
- Resolved cross-system integration issues by performing ad-hoc SQL queries and analyzing logs across PostgreSQL and Oracle databases, contributing to a **10%** reduction in critical system errors.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
