

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed backend features and REST APIs using **Python** and **Java Spring Boot**, integrating with enterprise business systems to streamline data flows and reduce system latency by **18%**.
- Designed and implemented frontend functionality using **React** and **TypeScript** for a new workforce education platform, enhancing user engagement metrics by **22%** post-launch.
- Automated data validation and reporting processes with **Python** scripting, reducing manual effort by **40 hours** per month and improving data accuracy for financial operations dashboards.
- Managed production support for enterprise applications using **Splunk** and **Dynatrace**, resolving P1/P2 incidents within SLA targets and maintaining **99.95%** system uptime.
- Collaborated with product managers and senior engineers on a greenfield project, contributing to new feature development and participating in daily Scrum ceremonies to ensure timely delivery.
- Authored clean, maintainable, and well-tested code for both backend services and frontend components, adhering to modern software engineering practices and participating actively in code reviews.

SKILLS

Backend Development – Python, Java, Spring Boot, REST APIs, Flask, FastAPI

Frontend Development – React, TypeScript, Angular, HTML, CSS

Databases & Data Management – SQL, PostgreSQL, MySQL, Oracle, Data Warehousing, Power BI, DAX, Power Query

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Observability & Support – Splunk, Dynatrace, Incident Management, Change Management

Analytics & BI – Power BI, Tableau, R, pandas, NumPy, scikit-learn, Statistical Analysis

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Next-Generation Certification Platform (nineDots.io)

- Engineered robust backend APIs using **Python** and **FastAPI** to manage user authentication, course progress, and assessment data for a new workforce certification platform.
- Developed responsive frontend components with **React** and **TypeScript**, implementing a design system to ensure consistency and improve user experience across regulated industry modules.

- Integrated AI-assisted development tools to accelerate feature development cycles, reducing code writing time by an estimated **15%** and improving code quality through automated suggestions.
- Deployed containerized applications using **Docker** on **AWS** infrastructure, establishing CI/CD pipelines with **Jenkins** for automated testing and deployment, achieving **99.9%** deployment success rate.

Financial Operations Dashboard Enhancement (HCL Technologies)

- Enhanced transaction monitoring capabilities for a financial-services dashboard by developing new **Java Spring Boot** microservices that processed and alerted on failed payment messages, reducing critical alerts by **25%**.
- Automated reconciliation workflow data extraction using **Python** scripts, integrating with **PostgreSQL** and **Oracle** databases to provide daily operational reports, decreasing manual reconciliation time by **30%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
