+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Managed end-to-end issue resolution for complex customer accounts, reducing average ticket resolution time by **22%** through detailed error analysis and production monitoring using **Splunk** and **Dynatrace**.
- Developed and deployed Python scripts for automating ETL processes and scheduled reporting, increasing data processing efficiency by **30%** and supporting critical business intelligence needs.
- Executed SQL queries across **PostgreSQL** and **Oracle** databases to validate data integrity and support schema changes, ensuring accuracy for over 10,000 daily transaction records.
- Contributed to feature development and bug fixes for Java Spring Boot applications, designing and implementing REST APIs that enhanced system interoperability and supported new operational workflows.
- Collaborated cross-functionally to support enterprise business systems, managing change-control processes and coordinating User Acceptance Testing (UAT) for system configuration updates, maintaining **99.9%** uptime for critical business operations.
- Created interactive dashboards and data visualizations in **Power BI** for business stakeholders, translating complex data into actionable insights and improving decision-making speed by an estimated **15%**.

SKILLS

Core Technologies – Java, Spring Boot, Python, SQL, REST APIs, Linux, Git, Jenkins, Docker

Cloud & Observability – AWS (EC2, S3, Lambda, CloudWatch), Splunk, Dynatrace

Databases – PostgreSQL, MySQL, Oracle

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, R, pandas, NumPy, scikit-learn

Methodologies & Practices – Agile/Scrum, CI/CD, Production Support, Incident Management, Change Management, UAT, GDPR Awareness

Enterprise Systems – ERP Support, Business Systems Integration, Transaction Monitoring, Reconciliation Workflows

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Customer Product Reliability Dashboard (HCL Technologies)

- Engineered a comprehensive production monitoring dashboard using **Splunk** and **Dynatrace** to track application health and performance metrics for 5 enterprise client products, achieving **99.95%** uptime against strict SLAs.

- Automated incident response workflows with Python scripting, integrating with ticketing systems to reduce P1/P2 incident notification time by **40%** and enabling faster triage by on-call engineers.
- Developed detailed operational runbooks and knowledge base articles for common issues, contributing to a **15%** reduction in recurring support tickets and facilitating junior team member onboarding.

Financial Operations Transaction Insights Platform

- Designed and implemented a data aggregation pipeline processing over 1 million financial transaction records daily, utilizing **Python** and **SQL (PostgreSQL)** to extract, transform, and load data for analysis.
- Built a real-time transaction monitoring dashboard in **Power BI**, enabling operations teams to identify and address failed payment messages, reducing processing errors by **25%** within the first quarter.
- Integrated with existing enterprise business systems via REST APIs to enrich transaction data and support reconciliation workflows, improving data accuracy and audit trail completeness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
