PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed daily hardware requests for a **manufacturing and distribution** environment, achieving **98% accuracy** and **99% on-time processing** by implementing a streamlined request monitoring system.
- Executed hardware receiving, inspection, put-away, and cycle counting procedures, improving **inventory accuracy by 15%** through meticulous data entry and system transaction management within **Oracle applications**.
- Configured and deployed hardware, including laptops and network equipment, for internal users and network sites, supporting **500+ devices** annually and ensuring compliance with **Oracle Policies and Procedures**.
- Developed and updated operational procedures for hardware logistics and distribution, resulting in a **10% reduction in process errors** and enhanced adherence to safety guidelines.
- Analyzed operational status, performance trends, and identified areas for process improvement, presenting recommendations that contributed to a **7% increase in productivity** and cost savings.
- Resolved basic hardware and operational issues independently, escalating complex problems to management and contributing to a **20% faster issue resolution time** for common inquiries.

SKILLS

Operations Analysis – Hardware Request Monitoring, Inventory Management, Cycle Counting, Hardware Configuration, Process Improvement, Oracle Applications, Data Entry

Logistics & Distribution – Shipping, Receiving, Storing, Distribution, Material Planning, Parcel Carrier Procedures, Transportation Networks

Technical Skills – Desktop Support, PC Repair, Linux Shell Scripting, AWS, Docker, Jenkins, Git

Data & Reporting – Operational Reporting, Performance Trend Analysis, System Data Maintenance, SQL (PostgreSQL, MySQL, Oracle)

Project Management – Procedure Updates, Cross-functional Collaboration, UAT Support, Change Control Management

Software & Tools – Microsoft Office Suite, Jira, Confluence, Splunk, Dynatrace

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Automated Hardware Lifecycle Management System (HCL Technologies)

- Engineered an automated system to manage the complete hardware lifecycle for a financial services client, from initial request to final decommissioning, reducing manual processing time by **40%**.

- Integrated the system with enterprise resource planning (ERP) modules and operational platforms using **REST APIs** and direct database connections (**PostgreSQL**, Oracle), ensuring seamless data flow and accurate asset tracking.
- Developed Python scripts for automated data validation and reporting, providing real-time insights into hardware allocation, status, and compliance against **GDPR** requirements, which improved audit readiness by **25%**.

Power BI Executive Operations Dashboard

- Designed and deployed an executive dashboard using **Power BI** to visualize key performance indicators for hardware operations, including request volume, fulfillment times, and inventory levels.
- Developed complex **DAX measures** and Power Query transformations to aggregate data from disparate sources, enabling stakeholders to make data-informed decisions and identify operational bottlenecks.
- Published interactive reports to stakeholders, facilitating a **15% improvement in communication** regarding operational status and performance trends.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
