PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Analyzed complex datasets and identified underlying drivers of performance for PGIM Real Estate Loan Services portfolios, reducing risk exposure by **15%** through proactive issue identification and stakeholder communication.
- Developed and delivered comprehensive data compilations across multiple platforms, supporting internal and external stakeholders and ensuring adherence to multiple SLAs, leading to a **98%** on-time reporting rate.
- Automated manual data processing tasks using **Python scripting** and **Microsoft Power Automate**, reducing report generation time by an average of **40%** and enabling focus on strategic process enhancements.
- Designed and maintained database structures for analytical reporting, performing complex SQL queries and data validation to support financial services operations and compliance, improving data accuracy by **20%**.
- Collaborated with cross-functional teams to manage special projects, proposing and driving process enhancements that improved operational efficiency by **10%** across servicing and cash management functions.
- Managed multiple responsibilities within tight deadlines, including compilation and delivery of data, review of compliance certificates, and analysis of property monitoring reports, consistently meeting critical project milestones.

SKILLS

Data Analysis & Visualization – Power BI, Tableau, DAX, Data Modelling, Exploratory Data Analysis, R, Python (pandas, NumPy, scikit-learn).

Programming & Scripting – SQL (PostgreSQL, MySQL, Oracle), Python, R.

Automation & Low-Code – Microsoft Power Automate, Microsoft Power Apps, Microsoft Fabric.

Financial Services Operations – Loan Servicing, Asset Management, Cash Management, Surveillance, Covenant Adherence, Transaction Monitoring, Reconciliation Workflows.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker.

Development & Operations – Java Spring Boot, REST APIs, CI/CD (Jenkins), Git, Linux, Splunk, Dynatrace.

Project & Process Management – Agile/Scrum, Jira, Confluence, Change Management, SLA Management, Process Improvement, UAT.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

PGIM RE Loan Portfolio Performance Dashboard (MSc Data Analytics Applied Project)

- Developed an interactive **Power BI** dashboard consolidating key performance indicators for PGIM Real Estate Loan Services portfolios, integrating data from disparate sources including loan servicing and property monitoring reports.
- Implemented advanced **DAX measures** and data models to calculate and visualize metrics related to debt service, covenant adherence, and portfolio risk, enabling stakeholders to proactively identify trends and potential issues.
- Automated data refresh processes using **Power Query** and scheduled reports, reducing manual compilation effort by **60%** and ensuring timely delivery of insights to internal and external stakeholders against defined SLAs.

Financial Transaction Monitoring & Reconciliation System (HCL Technologies)

- Enhanced a **Java Spring Boot**-based payments operations dashboard to provide real-time transaction monitoring and detailed reconciliation workflows for a financial services client, improving operational visibility.
- Developed **Python scripts** for automated data validation and anomaly detection within transaction flows, reducing the rate of processing errors by **18%** and ensuring audit trail integrity.
- Managed production support for the dashboard, responding to P1/P2 incidents within strict SLAs and implementing corrective actions in a **GDPR-aware** production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
