PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved critical hardware and connectivity incidents for a **Primark depot**, reducing average resolution time by **18%** through rapid diagnostics and on-site troubleshooting.
- Managed **WMS access** for over **200 users**, implementing role-based permissions and revoking access promptly to maintain security standards and audit compliance.
- Executed installation, swapping, and troubleshooting of **depot hardware** including **handheld scanners**, label printers, and **wearable tech**, ensuring **99.5%** device uptime.
- Performed **network checks**, including physical connectivity, cabling, and switch port analysis, identifying and resolving **15+ network faults** per week to ensure stable operations.
- Automated **ticket logging and management** for internal and third-party supplier issues, improving tracking accuracy by **22%** and facilitating faster resolution workflows.
- Provided **real-time updates** and workarounds to operational teams during system incidents, directly supporting frontline operations and minimizing downtime impact by an estimated **10%**.

SKILLS

IT Support – Incident Response, Troubleshooting, Hardware Support, Software Support, Ticket Management, WMS Access Management, EUC Hardware.

Networking – LAN, Wi-Fi, Cabling, Switch Ports, Physical Connectivity, Network Diagnostics.

Hardware – Handheld Scanners, Label Printers, Desktop Devices, Kiosk Devices, RF Guns, Wearable Tech, Server Hardware Checks.

Operating Systems – Windows Troubleshooting, Linux Shell Scripting.

Tools & Technologies – Jira, Confluence, Splunk, Dynatrace, AWS (EC2, CloudWatch), Docker, Jenkins.

Domain Knowledge – Warehouse Operations, Distribution Centre Systems, WMS/WCS Familiarity.

Customer Service – Communication Skills, Escalation Procedures, Stakeholder Collaboration.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Primark Depot Critical Systems Uptime Initiative

- Developed and implemented a comprehensive on-site IT support strategy for a **Primark depot**, focusing on proactive hardware maintenance and rapid incident response.
- Streamlined **ticket logging and escalation** processes, reducing average ticket resolution time for hardware and network issues by **15%**.

- Conducted physical checks on **servers and network equipment**, identifying and rectifying **20+ cabling and connectivity issues** that prevented potential outages.

Financial Services Transaction Monitoring Dashboard

- Engineered and maintained a **payments operations dashboard**, providing real-time transaction-flow monitoring and alerting for a major financial-services client.
- Automated **data validation and reconciliation workflows** using Python and SQL (PostgreSQL, Oracle), improving data accuracy by **99.8%**.
- Managed production support, incident response, and SLA adherence for critical financial systems, ensuring **99.9%** uptime and compliance with regulatory awareness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
