PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Administered and managed **Active Directory** user accounts, groups, and OUs, implementing **Group Policies** to enforce security standards and streamline access controls for over 500 users, reducing unauthorized access incidents by **40%**.
- Supported the installation, upgrade, and validation of analytical equipment software within a **GxP** regulated environment, ensuring adherence to strict data integrity and compliance protocols.
- Troubleshoot and resolved login, permissions, and application-related issues for laboratory and manufacturing systems, achieving a **95% first-contact resolution rate** and minimizing system downtime.
- Executed validation documentation and drafted IT-related **SOPs** and procedures in support of system lifecycle activities, contributing to successful audit readiness and inspection readiness.
- Collaborated with corporate IT teams and site-based business users to ensure systems remained on supported and secure versions, managing change-control processes for system configuration updates and post-go-live support.
- Performed root cause analysis on critical system failures, developing and implementing corrective actions that improved overall system reliability by **15%** within the manufacturing operations environment.

SKILLS

Core IT Support – Active Directory Administration, User Access Management, Role-Based Security, Troubleshooting, Root Cause Analysis, Incident Response, Audit Readiness, GxP Compliance, Validation Documentation, SOP Development, System Lifecycle Management.

Database Platforms – SQL Server, MySQL, Oracle, PostgreSQL.

Operating Systems – Linux, Windows Server.

Scripting & Automation – Python, Shell Scripting.

Enterprise Systems – LIMS (LabVantage, Empower, NuGenesis or similar), ERP Support, Business Systems Integration.

Cloud & Containerization – AWS (EC2, S3, Lambda, CloudWatch), Docker.

Development & CI/CD – Java Spring Boot, REST APIs, Jenkins, Git.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

GxP Laboratory Systems Compliance & Support Platform (HCL Technologies)

- Developed and maintained a centralized platform for managing **GxP compliance** documentation and validation activities for laboratory systems, serving a global pharmaceutical client.
- Automated the generation of audit trail reports and system usage logs using **Python scripts**, reducing manual effort by **60%** and ensuring data integrity for regulatory submissions.
- Integrated with multiple LIMS platforms via **REST APIs** and database queries (**PostgreSQL, Oracle**) to consolidate operational data, enabling enhanced system monitoring and faster incident triage.

Automated Financial Transaction Monitoring Dashboard (HCL Technologies)

- Engineered a **payments operations dashboard** to monitor transaction flows and provide real-time alerting for failed payment messages, supporting high-volume financial services.
- Implemented **SQL queries** against **PostgreSQL** and **MySQL** databases to extract and validate transaction data, contributing to reconciliation workflows and improving data accuracy by **98%**.
- Managed production support responsibilities, including SLA adherence and P1/P2 incident response for the financial-services dashboard, maintaining **99.9% uptime**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
