PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **Gosu** integration components using the **Guidewire Integration Framework**, reducing message processing errors by **18%** for a key insurance client.
- Developed **Java Spring Boot** REST APIs for enterprise business systems, enabling cross-system data flow and supporting **50,000+** daily transactions.
- Automated critical production support tasks using **Python scripting**, decreasing manual intervention time by **30%** and improving incident response speed.
- Managed and resolved P1/P2 incidents on enterprise applications by performing root cause analysis with **Splunk** and **Dynatrace**, maintaining a **99.95%** service availability SLA.
- Constructed interactive **Power BI** dashboards for the MSc Data Analytics program, translating complex statistical findings into actionable insights for business stakeholders and achieving a **40%** improvement in report comprehension.
- Supported and integrated with core **ERP** modules and operational platforms, coordinating change management for system configurations and ensuring seamless UAT across interconnected systems.

SKILLS

Integration Development – Gosu, Guidewire Integration Framework, Java Spring Boot, REST APIs.

Programming Languages – Java, Python, SQL, Gosu, R.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, pandas, NumPy, scikit-learn, SQL, Data Warehousing.

Enterprise Systems – ERP Support, Production Support, Incident Management, Change Management, Splunk, Dynatrace.

Methodologies – Agile, Scrum, Code Reviews, QA Standards, Stakeholder Management.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Guidewire InsuranceSuite Claims Processing Accelerator (HCL Technologies)

- Engineered a **Gosu**-based integration solution within the **Guidewire Integration Framework** to streamline claims data ingestion, processing **10,000+** claims daily with **99.8%** accuracy.
- Developed robust error handling and reconciliation workflows, reducing manual intervention for claims processing exceptions by **25%** and enhancing data integrity.

- Implemented comprehensive monitoring and alerting using **Splunk**, providing real-time visibility into claims processing status and enabling proactive issue resolution, maintaining SLA targets.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed production support and transaction-flow monitoring for a financial-services client's payments operations dashboard, analyzing over **1 million** transaction records weekly.
- Implemented operational alerting for failed or delayed payment messages, decreasing critical incident resolution time by **20%** through targeted notifications.
- Collaborated with business analysts to define requirements and support UAT for enhancements to reconciliation workflows and audit trail generation.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
