PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and launched **custom WordPress themes** and **ACF integrations** for client websites, reducing average build time by **15%** and improving client satisfaction scores.
- Implemented **Shopify theme customizations** and **Liquid templating** for e-commerce platforms, increasing conversion rates by an average of **8%** through enhanced user experience.
- Built **headless CMS solutions** and **component-based frameworks**, enabling faster content delivery and improved site performance by **20%**.
- Managed a **ticketed support system**, resolving over **500 website updates and fixes** annually, maintaining a **98% SLA adherence** for client requests.
- Collaborated with designers to ensure **build accuracy against Figma designs**, minimizing rework and delivering projects on time with **zero critical post-launch defects**.
- Contributed technical input during client workshops and scoping sessions, identifying and communicating **technical risks** and scope changes early to prevent project delays.

SKILLS

Web Development – WordPress, Headless CMS, Shopify, HTML, CSS, JavaScript, Figma, Tailwind CSS, Git

E-commerce Platforms – WooCommerce, Liquid Templating, App Integration

Frameworks & Libraries – Component-based frameworks, REST APIs, ACF

Operations & Support – Ticketed Support Systems, Client Communication, QA, Production Support

Development Practices – Clean Code, Documentation, Agile/Scrum, Version Control, CI/CD

Data & Analytics – Power BI, Tableau, R, Python (pandas, NumPy, scikit-learn), SQL, Data Warehousing

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Headless WordPress E-commerce Platform Build (HCL Technologies)

- Architected and developed a **headless WordPress backend** integrated with a React-based frontend for a client's e-commerce site, achieving a **30% improvement in page load times**.
- Implemented **custom theme development** and **ACF field integrations** within WordPress, enabling flexible content management for marketing teams.
- Managed the end-to-end build process from scoping and design handoff through **QA and live launch**, ensuring seamless deployment and client satisfaction.

Payments Operations Dashboard Enhancements (HCL Technologies)

- Enhanced **transaction monitoring** features on a financial-services dashboard by implementing real-time alerting for failed payment messages, reducing manual intervention by **25%**.
- Optimized SQL queries across **PostgreSQL and Oracle databases** for reconciliation workflows, decreasing report generation times by **40%**.
- Supported production environments with strict SLAs, focusing on **audit trail integrity** and adherence to GDPR requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
