PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Facilitated stakeholder workshops and discovery sessions, translating business needs into **25+ unambiguous user stories** and acceptance criteria for delivery teams, improving requirement clarity by **30%**.
- Developed comprehensive **process maps, data flow diagrams**, and **wireframes** for digital initiatives, enabling a shared understanding of solution options and reducing design rework by **20%**.
- Supported UAT planning and execution by creating detailed test scenarios and performing defect triage, contributing to a **98% user acceptance rate** for new system features.
- Analyzed quantitative and qualitative data using **Power BI** and **SQL** to validate business needs and identify trends, strengthening decision-making and supporting the development of **5+ business cases**.
- Collaborated with delivery teams in a hybrid Agile and DevOps environment, ensuring solution feasibility and alignment with architectural roadmaps, accelerating delivery cycles by an average of **15%**.
- Created **training materials** and user guidance documentation for system implementations, enabling successful change adoption and reducing post-go-live support tickets by **25%**.

SKILLS

Business Analysis – Requirements Engineering, Process Modelling, Data Analysis, User Stories, Acceptance Criteria, Agile Documentation, Stakeholder Engagement, Workshop Facilitation, UAT Support, Change Adoption, Business Case Development, Non-Functional Requirements

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Statistical Analysis, Exploratory Data Analysis, Time-Series Analysis, R, Python (pandas, NumPy, scikit-learn)

Software Development & Support – Java, Spring Boot, Python, REST APIs, SQL (PostgreSQL, MySQL, Oracle), Linux, Shell Scripting, Git, Jenkins, Docker, AWS (EC2, S3, Lambda, CloudWatch)

Methodologies & Frameworks – Agile, Scrum, Kanban, Hybrid Agile, DevOps, PRINCE2 Concepts, Lean Six Sigma Concepts

Tools & Platforms – Jira, Confluence, Splunk, Dynatrace, CloudWatch, ERP Systems Support

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Digital Transformation Initiative: Process Optimisation & Reporting Platform

- Designed and implemented a new digital platform to streamline core business operations, analysing existing **process maps** and identifying bottlenecks, resulting in a **20% reduction** in process cycle time.

- Developed comprehensive **user stories** and **acceptance criteria** for the platform's key features, collaborating with development teams to ensure alignment with business objectives and technical feasibility.
- Created interactive **Power BI dashboards** to provide real-time operational insights and track key performance indicators (KPIs), enabling data-driven decision-making and improving reporting efficiency by **40%**.
- Facilitated cross-functional workshops with stakeholders from operations, finance, and IT to gather requirements, validate solution designs, and support user acceptance testing (UAT), ensuring **95% stakeholder satisfaction**.
- Managed the integration of the new platform with existing **ERP systems** and financial databases using **REST APIs** and direct SQL queries, ensuring seamless data flow and system interoperability.

Financial Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a payments operations dashboard by developing new features for **transaction monitoring** and operational alerting, improving the detection rate of failed payment messages by **15%**.
- Implemented automated data validation checks using **Python** and **SQL** to ensure data integrity within **reconciliation workflows**, reducing data discrepancies by **30%**.
- Supported production environments with strict SLAs and **GDPR-aware audit trails**, performing incident response and contributing to a **99.9% system uptime**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
