PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Coordinated the sequencing of works across multiple subcontractors and trades for a major construction project, ensuring adherence to a **12-week development schedule** and minimizing on-site conflicts.
- Managed project documentation and records, including **daily site visit reports** and defect logs, for a high-value infrastructure project, achieving **100% compliance** with regulatory requirements.
- Assisted senior project managers in developing and monitoring **project programmes and schedules** using MS Project, tracking progress against milestones and reporting **critical path delays by up to 15%**.
- Supported cost control and expenditure tracking by liaising with Quantity Surveyors, accurately forecasting project spend and managing variations to maintain budget adherence within **5% variance**.
- Facilitated cross-functional communication by attending project meetings, taking detailed minutes, and actively following up on action items, contributing to a **20% reduction in task completion time**.
- Conducted site visits to monitor progress, quality, and compliance with drawings and specifications, identifying and reporting site issues and defects that were resolved to ensure **project quality standards** were met.

SKILLS

Project Management Tools – Microsoft Project, BIM Software (Autodesk Revit concepts), Project Management Systems

Construction & Engineering – Construction Project Delivery, Site Logistics, Sequencing of Works, Reading Construction Drawings, Health and Safety Procedures, Regulatory Compliance, Quality Standards

Project Support – Programme and Schedule Monitoring, Progress Tracking, Risk and Issue Reporting, Site Activity Coordination, Client Liaison, Subcontractor Management, Supplier Coordination

Documentation & Reporting – Meeting Minutes, Action Item Follow-up, Progress Reports, Site Visit Reports, Defect Logs, Project Documentation Maintenance

Commercial & Financial – Cost Control, Budgeting, Expenditure Tracking, Quantity Surveying Liaison, Variation Management, Change Order Support

Core Office Software – Microsoft Excel, Microsoft Word

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Integrated Construction Project Delivery Platform (HCL Technologies)

- Developed a centralized platform for tracking project milestones and resource allocation across 5 concurrent construction projects, improving schedule adherence by **18%**.

- Implemented automated reporting for site progress and potential delays, reducing manual reporting effort by **40%** and enabling faster risk mitigation.
- Integrated subcontractor communication logs and compliance documentation, ensuring **100% audit readiness** for project delivery phases.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Designed and implemented real-time transaction monitoring dashboards using Java Spring Boot and PostgreSQL, processing over **1 million transactions daily**.
- Automated anomaly detection for failed payment messages using Python scripts, reducing manual investigation time by **35%** and improving operational efficiency.
- Ensured production environments met strict SLAs and audit trail requirements, supporting **GDPR-aware data handling** for a major financial services client.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
