

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Architected and deployed **distributed systems** using microservices and event-driven patterns, achieving **99.95% uptime** for enterprise-scale workloads on AWS.
- Developed and maintained **critical backend services** in Java Spring Boot, enhancing performance by **15%** through code optimization and efficient REST API design.
- Managed production support for enterprise applications, resolving P1/P2 incidents within **SLA targets** and improving system observability using **Splunk and Dynatrace**.
- Automated data processing and reporting tasks using **Python scripting**, reducing manual effort by **40%** and accelerating data pipeline execution.
- Collaborated with cross-functional teams to define platform capabilities and technical standards, contributing to architectural decisions for backend development across the organization.
- Analyzed system performance and data patterns using **SQL** across PostgreSQL and Oracle databases, identifying optimization opportunities that reduced query times by an average of **20%**.

SKILLS

Backend Development – Java, Spring Boot, Python, C#, .NET Core, Microservices, Event-Driven Architecture, REST APIs

Cloud & Orchestration – AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes, Azure, GCP

Databases & Data Management – SQL, PostgreSQL, MySQL, Oracle, Data Warehousing, Power Query, DAX

Observability & Monitoring – Splunk, Dynatrace, CloudWatch, Prometheus, Grafana

CI/CD & Tools – Jenkins, Git, Jira, Confluence

Analytics & BI – Power BI, Tableau, R, RStudio, pandas, NumPy, scikit-learn

Messaging & Queues – Kafka, RabbitMQ

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Identity Management Orchestration Platform (HCL Technologies)

- Designed and built **shared platform components** for identity and access management, supporting **10+ product teams** and ensuring scalability for enterprise SaaS applications.
- Architected **distributed systems** leveraging microservices and event-driven patterns with **Kafka**, managing high-volume, multi-tenant workloads with **99.99% availability**.

- Owned critical backend services from conception to deployment, optimizing performance using **C# and .NET Core**, and implementing comprehensive **observability with Prometheus and Grafana**.
- Drove technical initiatives to improve developer productivity and platform resilience through **Kubernetes** deployments and **CI/CD pipelines**, reducing deployment times by **30%**.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed and supported a **payments operations dashboard**, implementing transaction-flow monitoring and operational alerting for financial services clients.
- Managed production environments with strict SLAs, ensuring audit trails and **GDPR-aware** data handling for sensitive financial data.
- Collaborated with business analysts and operations teams to gather requirements, support UAT, and triage post-implementation issues for **payments processing workflows**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
