PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed daily cash square-up and confirmed Treasury payments, executing internal funding and derivatives trades to ensure operational continuity for a financial services client, maintaining 99.9% transaction success rate.
- Administered SMBC AC's loan facilities and associated derivatives, processing vendor payments via the finance system and generating remittance advices, reducing payment processing errors by **15%** through meticulous reconciliation of vendor ledgers and statements.
- Supported third-party funding initiatives and monthly liquidity/risk reporting by providing ad-hoc analysis and data to the Finance function, responding to queries on cost allocations from invoices and corporate credit card postings with **98%** accuracy.
- Automated the generation of cash and liquidity reports using **Python scripting**, consolidating data from multiple sources and reducing manual reporting effort by **20 hours** per month.
- Enhanced payment processes cross-functionally by collaborating with business unit stakeholders, documenting requirements for system enhancements and supporting User Acceptance Testing (UAT) for new finance system modules.
- Developed and maintained **Java Spring Boot** REST APIs for inter-system data flows, integrating with ERP modules and operational platforms, ensuring seamless data exchange for critical business operations.

SKILLS

Treasury Operations – Payments Administration, Cash Management, Liquidity Management, Interest Rate Risk Management, Funding Initiatives, Derivatives Administration.

Financial Systems – ERP Integration, Finance Systems, Vendor Ledger Management, Statement Reconciliation, Accounts Payable.

Data Analysis & Reporting – Ad Hoc Reporting, Data Consolidation, Cost Allocation Analysis, Business Intelligence Dashboards, Power BI, Tableau.

Programming & Automation – Python, Java, Spring Boot, SQL, REST APIs, Shell Scripting.

Cloud & DevOps – AWS, Docker, Jenkins, Git, Linux.

Compliance & Operations – GDPR Awareness, Audit Trails, Change Management, Incident Response, SLA Management.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Automated Treasury Payment & Reconciliation System

- Engineered an automated workflow using **Python** to process and reconcile all vendor payments and external transactions for a simulated aviation finance client, handling over **5,000 transactions** weekly.
- Integrated with mock financial systems via **REST APIs** to capture payment details and validate vendor data, achieving a **99.5%** data accuracy rate and reducing manual reconciliation efforts by **30%**.
- Developed interactive dashboards in **Power BI** to visualize payment status, cash flow projections, and vendor ledger discrepancies, providing real-time insights to treasury stakeholders and enabling faster issue resolution.

Financial Services Transaction Monitoring Dashboard (HCL)

- Supported production operations for a financial services client's payments dashboard, monitoring transaction flows and implementing alerting for failed messages using **Splunk** and **Dynatrace**.
- Authored **SQL queries** across PostgreSQL and Oracle databases to validate transaction data and support reconciliation workflows, ensuring data integrity within the payments operations environment.
- Contributed to feature enhancements and bug fixes for the Java Spring Boot-based dashboard, improving system stability and meeting strict Service Level Agreements (SLAs) for transaction processing.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
