PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided IT Helpdesk support for **Microsoft Office platforms** and **CRM/Agresso Technical support**, resolving an average of 15 tickets daily and reducing average resolution time by **10%**.
- Supported the roll-out of conference emails to a user base of 1,000+ volunteers, coordinating with internal teams to ensure **98%** successful delivery and adoption.
- Assisted in the transition from in-house data storage servers to **Cloud based Office 365 SharePoint**, migrating approximately 5TB of data with zero loss and minimal downtime.
- Contributed to a major project focused on supporting multiple platforms and applications, gaining 'on the job' experience with **Agresso finance systems** and **CRM for Membership** processes.
- Resolved technical issues across diverse platforms and applications, demonstrating good logical ability and problem-solving skills to ensure **99.5%** system uptime for critical organizational functions.
- Documented IT events and processes, creating comprehensive guides for user support and system administration to improve knowledge sharing and onboarding efficiency.

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing

Methodologies – Agile, Scrum, Change Management

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

SVP Volunteer Onboarding & Communication Platform (Shared Services - IT)

- Developed and deployed a new **conference email system** for volunteer communications, increasing engagement by **15%** through targeted messaging and event notifications.
- Integrated the new communication platform with existing **CRM for Membership** data, enabling personalized outreach and reducing manual data entry by **20%**.

- Migrated legacy user data and documentation to **Office 365 SharePoint**, establishing a centralized knowledge base that improved information accessibility for 1,000+ users and reduced support query volume by **12%**.

Financial Services Operations Dashboard Enhancements (HCL Technologies)

- Implemented real-time transaction monitoring alerts within a **payments operations dashboard**, reducing the time to detect failed payment messages by **30%**.
- Automated data validation scripts using **Python** and **SQL** against **PostgreSQL** databases, improving the accuracy of reconciliation workflows and decreasing manual review effort by **25%**.
- Supported production environments with strict SLAs, contributing to **99.9%** uptime for critical financial operations through proactive monitoring and incident response using **Splunk** and **Dynatrace**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
