

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Administered and optimized **supply chain systems**, reducing stock discrepancies by **15%** through enhanced data accuracy and workflow automation.
- Developed and maintained **procurement and supply chain documentation**, improving process clarity for operational teams and reducing onboarding time by **20%**.
- Managed incident response for critical **clinical systems**, resolving an average of **5 P1/P2 incidents weekly** with a **99.9% SLA adherence**.
- Integrated **enterprise business systems** using **REST APIs** and direct SQL queries, facilitating seamless data flow across financial and operational platforms and improving reporting efficiency by **30%**.
- Automated data extraction and reporting for supply chain operations using **Python scripts**, decreasing manual effort by **40 hours per month** and improving data availability for analysis.
- Supported cross-functional teams in UAT and post-implementation triage for **system configuration updates**, ensuring smooth transitions and minimizing business disruption across interconnected platforms.

SKILLS

Systems Administration – Clinical Systems, Supply Chain Management, Procurement Systems, ERP Systems, Change Management, Incident Response

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Statistical Analysis, R, Python (pandas, NumPy, scikit-learn)

Software Engineering – Java Spring Boot, Python, SQL (PostgreSQL, MySQL, Oracle), REST APIs, Docker, AWS (EC2, S3, Lambda, CloudWatch), Linux

DevOps & CI/CD – Jenkins, Git, Splunk, Dynatrace

Project Management & Support – Jira, Confluence, Agile/Scrum, UAT Coordination, Production Support, SLA Management

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Supply Chain Visibility & Optimization Platform (HCL Technologies)

- Designed and implemented a centralized **supply chain data aggregation platform**, ingesting data from disparate ERP and vendor systems via **REST APIs** and direct database connections.
- Developed **Power BI dashboards** to provide real-time visibility into inventory levels, procurement lead times, and supplier performance, enabling a **12% reduction in stockouts**.

- Automated reconciliation workflows using **Python and SQL**, identifying and resolving data discrepancies across systems, which improved data accuracy by **98%** and reduced manual reconciliation effort by **50%**.

Financial Transaction Monitoring System (HCL Technologies)

- Enhanced a **payments operations dashboard** by implementing real-time monitoring for transaction flows and generating automated alerts for failed or delayed payments, contributing to a **99.95% processing uptime**.
- Developed **Python scripts** for data validation and enrichment of inbound financial messages, ensuring compliance with operational SLAs and regulatory awareness.
- Supported production environments with strict audit trails, performing **incident response** for P1/P2 issues and collaborating with business analysts to define requirements for system enhancements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
