PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed User Acceptance Testing (UAT) and Model Office Testing for new client onboarding, coordinating with cross-functional teams to achieve **98% test case pass rate** before go-live.
- Analyzed client-facing project operational readiness requirements, documenting detailed workflows and holding workshops to secure stakeholder agreement, contributing to the successful launch of **15+ new client integrations**.
- Designed and documented global operating models and handoffs between locations for Transfer Agency operations, ensuring clear process flows and facilitating **40% faster** operational setup for new prospects.
- Proactively identified and managed project risks, implementing mitigation strategies and tracking issue resolution to ensure on-time delivery for **all critical client conversion projects**.
- Developed and maintained a comprehensive New Client Onboarding playbook, streamlining processes and documenting checklists that improved onboarding efficiency by **20%** and provided a full audit trail.
- Provided subject matter expertise on business processes and procedures, supporting conversion reconciliations and analyzing post-conversion needs to resolve complex operational issues within the warranty period.

SKILLS

Client Onboarding & UAT Management – Model Office Testing, User Acceptance Testing (UAT), Operations Readiness, Client Implementation, Process Design, Workflow Documentation, Risk Management, Issue Tracking, Governance, Client Relationship Management

Funds Industry Operations – Transfer Agency Operations, Product & Service Offerings, Operational Efficiencies, Reconciliation Workflows, Transaction Monitoring, Audit Trails, Regulatory Awareness, GDPR Compliance

Business Analysis & Documentation – Requirements Gathering, Gap Analysis, Solution Design, Business Process Mapping, Operating Model Design, Playbook Development, Non-Standard Process Reporting, Test Plan Creation

Core Technologies – Java Spring Boot, Python, SQL (PostgreSQL, MySQL, Oracle), REST APIs, AWS, Docker, Linux, Git, Jenkins

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Statistical Analysis, R, pandas, NumPy

Production Support & Reliability – Incident Response, SLA Management, Monitoring (Splunk, Dynatrace), Change Management, System Integration Support, ERP Support

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Global Funds Transfer Agency Onboarding Accelerator (HCL Technologies)

- Architected and implemented a standardized onboarding framework, integrating **Power BI** for real-time progress tracking and operational dashboards, accelerating client setup by **30%**.
- Developed Python scripts to automate data validation and reconciliation checks between legacy and new client systems, reducing manual effort by **50%** and ensuring data integrity for **100+ transaction types**.
- Documented detailed operating models and cross-location handoff procedures, facilitating seamless transitions and improving inter-departmental communication, resulting in a **15% reduction** in post-conversion critical issues.

Financial Services Operations Dashboard Enhancement

- Enhanced a payments operations dashboard by developing new Java Spring Boot microservices to monitor transaction flows and provide real-time alerting for failed payments, improving operational visibility and reducing incident response time by **25%**.
- Automated data extraction and reporting processes using Python and SQL against PostgreSQL databases, generating daily reconciliation reports that increased accuracy and reduced manual reconciliation efforts by **40%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
