

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Configured and maintained network infrastructure components, including **routers**, **switches**, and **firewalls**, supporting over 100 remote sites and ensuring 99.9% network uptime.
- Provided 2nd level support for daily network infrastructure issues reported via **Service Now**, resolving an average of 15 tickets per week with a 95% first-contact resolution rate.
- Developed and implemented automated network configuration and deployment scripts using **Ansible** and **Python**, reducing manual deployment time by 40% and minimizing configuration drift.
- Managed and troubleshooted network segments across **OSI layers 1-7** for data, voice, and video traffic, decreasing network latency by 15% through proactive analysis and tuning.
- Designed and executed test plans for network software and system installations, identifying critical errors and proposing solutions that improved system stability by 20%.
- Assessed IT systems for potential security threats and developed disaster recovery plans for compromised security, successfully mitigating 3 potential breaches through enhanced monitoring and incident response.

SKILLS

Networking – Routers, Switches, Firewalls, Load Balancers, OSPF, BGP, EIGRP, NAT, LACP, CDP, UDLD, VPC, DNS, DHCP, LAN, WAN, SD WAN, WiFi

Network Management – Cisco ISE, Cisco DNAC, Solarwinds, Logic Monitor, NetBrain, Splunk, Dynatrace, CloudWatch

Automation & Scripting – Ansible, Python, Shell Scripting

Cloud Infrastructure – AWS (EC2, S3, Lambda), Cloud Networking Concepts

Security & Compliance – Firewall Configuration, Disaster Recovery Planning, Security Auditing, GDPR Awareness

Operating Systems – Linux, Windows Server

Databases – PostgreSQL, MySQL, Oracle, SQL

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Global Network Infrastructure Automation & Security Enhancement Platform (HCL Technologies)

- Architected and deployed a centralized automation platform using **Ansible** and **Python** to manage configurations for over 500 network devices across multiple geographical regions, reducing deployment cycles by 35%.

- Implemented advanced security protocols, including **Palo Alto** firewall policy automation and regular vulnerability scanning, which led to a 98% reduction in detected security misconfigurations.
- Developed comprehensive network monitoring dashboards in **Solarwinds** and **Logic Monitor**, providing real-time visibility into network performance and proactive alerting for potential issues, decreasing critical incident response time by 25%.

Financial Services Transaction Monitoring & Alerting System (HCL Technologies)

- Engineered a real-time transaction monitoring system for a financial services client, processing over 1 million payment messages daily and flagging exceptions for operational review.
- Developed Python-based ETL scripts to ingest and transform data from disparate sources into a central PostgreSQL database for reconciliation workflows, ensuring data integrity and audit trail compliance.
- Integrated system alerts with Splunk for centralized logging and analysis, enabling rapid identification and resolution of processing bottlenecks and reducing manual intervention by 30%.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
