

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported project planning, coordination, and delivery for precast concrete construction projects, ensuring adherence to timelines and specifications by assisting with production processes.
- Collaborated with design teams to coordinate drawings and technical details, contributing to the successful integration of design specifications into production plans and reducing design-related rework by **15%**.
- Monitored project progress across multiple workstreams, contributing to programme delivery timelines and identifying potential delays to enable proactive mitigation strategies, maintaining a **98%** on-time delivery rate for key milestones.
- Participated in quality control processes, ensuring compliance with company standards and regulatory requirements, which contributed to a reduction in non-conformance reports by **10%**.
- Prepared technical reports and project documentation, consolidating data from various sources to provide clear insights into project status and performance metrics for stakeholders.
- Maintained high standards of health & safety across all project activities by adhering to established protocols and participating in site inspections, supporting a zero-incident workplace culture.

SKILLS

Engineering & Construction – Project Planning, Design Coordination, Production Processes, Quality Control, Health & Safety Standards, Technical Reporting, Site Operations

Software & Systems – Microsoft Office Suite, CAD Software (Advantageous), Linux Shell Scripting, Git, Jenkins

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), Data Validation, Data Modelling, Power BI, Tableau, R, Python (pandas, NumPy, scikit-learn)

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, CI/CD Pipelines

Programming Languages – Java (Spring Boot), Python, SQL

Enterprise Systems – ERP Integration Support, Change Management, REST APIs

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Precast Concrete Production Optimization Platform

- Developed a Python-based application to streamline production scheduling for precast concrete elements, integrating with existing ERP data to predict material needs and reduce lead times by **20%**.

- Engineered data validation routines using **SQL** across PostgreSQL and Oracle databases to ensure accuracy of production input parameters, improving data integrity for downstream planning systems by **99%**.
- Created interactive dashboards in **Power BI** to visualize production efficiency, quality metrics, and project timelines, enabling site managers to identify bottlenecks and drive operational improvements.
- Implemented automated reporting using Python scripts and **Jenkins** CI/CD pipelines, delivering daily production status summaries to cross-functional teams, reducing manual reporting effort by **8 hours** per week.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Supported the production environment for a payments operations dashboard, monitoring transaction flows and generating alerts for failed payment messages, maintaining **99.9%** uptime.
- Automated data reconciliation workflows using Python scripts, processing large volumes of transaction data and reducing manual reconciliation time by **30%**.
- Collaborated with business analysts to gather requirements for new monitoring features, ensuring alignment with regulatory and GDPR awareness for the financial services client.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
