PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and shipped **end-to-end product features**, from initial discovery and specification writing through to deployment and post-launch measurement, enhancing user engagement by **18%**.
- Authored detailed product specifications and acceptance criteria, enabling engineering teams to deliver complex features with **95% adherence to initial requirements**.
- Prioritised product backlogs by analysing customer impact and strategic alignment, leading to the successful launch of 3 major features in Q3 2023.
- Integrated **AI/ML models** into product workflows for predictive analytics, improving customer churn signal accuracy by **22%** and informing strategic product pivots.
- Utilised **SQL** and internal analytics tools to analyse user behaviour patterns, including funnels and usage metrics, to make data-informed product decisions and reduce reliance on subjective opinions by **40%**.
- Collaborated with cross-functional teams (engineering, design, go-to-market) to define and execute product roadmaps, ensuring timely delivery of product updates and feature releases.

SKILLS

Product Management – End-to-end Feature Ownership, Product Discovery, Specification Writing, Acceptance Criteria, Backlog Prioritization, Customer Impact Analysis, Strategic Alignment, Data-Driven Decision Making, Cross-Functional Collaboration.

AI & ML – AI/ML Model Integration, Predictive Analytics, Machine Learning Fundamentals, Statistical Analysis, Data Analysis.

Technical Fluency – APIs, SQL, Technical Documentation, REST APIs, Java Spring Boot, Python, AWS.

Data Analysis & BI – SQL, Power BI, Tableau, DAX, Power Query, Data Warehousing, Data Modelling, R, pandas, NumPy, Usage Pattern Analysis, Funnel Analysis, Churn Signal Identification.

Software Engineering Support – Production Support, Incident Response, SLA Management, CI/CD, Jenkins, Git, Docker, Linux, Python Scripting, Jira, Confluence.

Enterprise Systems – ERP Systems Support, Business Systems Integration, Change Management, UAT Coordination.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Predictive Connectivity Optimization Platform (HCL Technologies)

- Designed and implemented a predictive analytics platform to optimize network traffic routing for a global financial services client, reducing latency by **15%** during peak hours.
- Developed data pipelines using **Python** and **SQL (PostgreSQL)** to ingest real-time network telemetry, processing over 100 million data points daily.
- Built interactive dashboards in **Power BI** to visualize network performance metrics, enabling operations teams to identify and resolve potential bottlenecks proactively, improving uptime to **99.99%**.
- Authored technical specifications and collaborated with engineering on the integration of a **machine learning model** to forecast network load, achieving **90% accuracy** in predictions.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a payments operations dashboard by developing new features for real-time transaction monitoring and automated alerting on failed payment messages, reducing manual intervention by **30%**.
- Managed production support for critical financial transaction flows, ensuring adherence to strict SLAs and maintaining detailed audit trails for regulatory compliance.
- Utilised **Java Spring Boot** and **SQL** to implement robust data validation and reconciliation workflows, contributing to a **99.8%** data integrity rate.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
