PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Determined net asset values and calculated fund performance for assigned clients, ensuring **99.8%** accuracy in reporting and contributing to the achievement of team objectives.
- Performed cash and asset reconciliations for complex accounts and transactions, reducing reconciliation discrepancies by **18%** through detailed analysis and proactive issue resolution.
- Managed the basket production workflow for multiple clients and funds, processing over **5,000** transactions weekly while maintaining strict adherence to BNY standard policies, procedures, and controls.
- Reviewed and resolved escalated problems arising during daily, weekly, and monthly accounting and reporting cycles, improving issue resolution time by **22%**.
- Collaborated with business analysts and operations teams to support the planning, testing, and implementation of internal and client-driven projects, ensuring successful UAT and post-go-live support.
- Drafted and reviewed client reports on fund performance, incorporating feedback to enhance clarity and accuracy, resulting in a **15%** reduction in client queries regarding accounting processes.

SKILLS

Fund Accounting & Operations – Net Asset Valuation (NAV), Fund Performance Calculation, Expense Allocation, Cash Reconciliation, Asset Reconciliation, Basket Production Workflow Management, Client Reporting, Regulatory Compliance, GDPR Awareness

Financial Technologies & Platforms – Power BI, Tableau, SQL (PostgreSQL, MySQL, Oracle), Excel, Word, PowerPoint, Jira, Confluence

Data Analysis & BI – Data Modelling, DAX Measures, Power Query, Exploratory Data Analysis, Statistical Analysis, Time-Series Analysis, Business Intelligence

Programming & Scripting – Python (pandas, NumPy, scikit-learn), Java (Spring Boot), REST APIs, Shell Scripting

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

System Support & Integration – ERP Support, Enterprise Business Systems Integration, Production Support, Incident Response, Change Management, UAT Coordination

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

ETF Fund Accounting & Reporting Enhancement Platform (HCL Technologies)

- Developed an automated reporting module using **Python** and **SQL** to streamline the generation of monthly fund performance reports, reducing manual effort by **40%**.
- Integrated **Power BI** dashboards to visualize key performance indicators (KPIs) for fund managers, enabling real-time tracking of asset allocation and expense ratios and improving decision-making speed by **30%**.
- Implemented robust data validation checks and reconciliation workflows within the platform, decreasing reporting errors by **25%** and ensuring adherence to regulatory requirements.

Payments Operations Transaction Monitoring Dashboard (HCL Technologies)

- Engineered a **Java Spring Boot**-based microservice to ingest and process high-volume transaction messages from financial clients, achieving a throughput of **10,000** messages per minute.
- Developed real-time alerting mechanisms using **Splunk** for failed or stalled payment messages, reducing critical incident response times by **50%** and improving overall system stability.
- Collaborated with cross-functional teams to define and implement transaction monitoring rules and reconciliation workflows, enhancing operational oversight and audit trail capabilities.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
