PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented comprehensive **Qualtrics surveys** and data collection tools, increasing stakeholder engagement by **30%** through tailored data gathering strategies.
- Analyzed complex **survey data** from the Qualtrics platform, generating detailed reports and interactive **Power BI dashboards** that informed critical business decisions and led to a **15% improvement** in process efficiency.
- Managed the **Qualtrics platform**, ensuring optimal performance and utilization, while collaborating with cross-functional teams to translate business needs into effective survey solutions, reducing project delivery time by **20%**.
- Provided comprehensive **training and support** to internal stakeholders on **Qualtrics platform** usage and best practices, resulting in a **40% increase** in platform adoption and self-sufficiency.
- Ensured rigorous **data quality and integrity** throughout the survey lifecycle by implementing validation rules and data cleansing processes, achieving **99.5% data accuracy**.
- Developed and implemented strategies to enhance survey response rates and data quality, resulting in a **25% uplift** in participation and a richer dataset for analysis.

SKILLS

Experience Management Platform – Qualtrics, Survey Design, Data Collection Tools, Response Rate Optimization

Data Analysis & Visualization – Power BI, Tableau, Excel, DAX, Data Modelling, Business Intelligence

Programming & Scripting – Python, R, SQL

Platform Management & Support – Qualtrics Platform Maintenance, Stakeholder Training, API Integrations, Web Technologies

Project Management – Cross-functional Collaboration, Deadline Management, Multiple Project Oversight

Data Quality & Integrity – Validation Rules, Data Cleansing, Error Handling

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Customer Insights & Feedback Platform (Qualtrics)

- Architected and deployed a multi-faceted **Qualtrics platform** integration to capture customer feedback across product lines, directly supporting **15+ business units**.
- Developed automated data pipelines using **Python** and **SQL** to extract, transform, and load feedback data into a central data warehouse, enabling near real-time analytics.

- Designed and generated executive-level **Power BI dashboards** visualizing key customer satisfaction metrics, sentiment analysis, and actionable insights, leading to a targeted **10% reduction** in customer churn.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a **payments operations dashboard** by implementing real-time transaction monitoring and alerting for failed payment messages, improving incident detection by **35%**.
- Automated data reconciliation workflows using **Python** scripts and **SQL** queries across PostgreSQL and Oracle databases, reducing manual reconciliation effort by **50%**.
- Supported production environments with strict SLAs, ensuring audit trail integrity and GDPR awareness within the financial-services client's operational framework.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
