

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Developed and deployed **Java Spring Boot microservices** for a financial-services operations dashboard, enhancing transaction processing throughput by **15%** through optimized REST API endpoints.
- Automated data ingestion and validation processes using **Python scripts** and **SQL**, reducing manual data handling time for operational reporting by **40%**.
- Managed production incidents and performed root cause analysis for enterprise applications, maintaining **99.95%** service availability by implementing proactive monitoring with **Splunk** and **Dynatrace**.
- Designed and implemented robust data models and interactive dashboards in **Power BI**, providing key performance indicators to business stakeholders and improving data-driven decision-making by an estimated **20%**.
- Supported enterprise business systems, including ERP integrations, by managing change control processes and coordinating User Acceptance Testing (UAT), ensuring seamless system updates and reducing post-go-live critical issues by **25%**.
- Contributed to research and teaching initiatives by developing and refining curriculum materials for undergraduate and postgraduate programmes in **Software Engineering** and **Distributed Systems**, incorporating real-world case studies.

SKILLS

Programming Languages – Java, Python, SQL, R, DAX

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle

Business Intelligence – Power BI, Tableau, Power Query, Data Modelling

Software Engineering – REST APIs, Microservices, CI/CD, Agile/Scrum, Linux

Data Analytics & ML – Statistical Analysis, Data Warehousing, ETL, Machine Learning Fundamentals

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Distributed Systems Research & Teaching Platform (UCD)

- Architected and developed a simulated distributed systems environment using **Java Spring Boot** and **Docker** to demonstrate fault tolerance and consensus algorithms for MSc students.

- Integrated real-time data streams simulating sensor networks, processed via **Python**, and visualized network behavior using custom dashboards, achieving sub-second latency for event propagation.
- Authored comprehensive technical documentation and teaching modules for **Software Engineering** and **Distributed Systems**, directly supporting curriculum development for UCD School of Computer Science programmes.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a **payments operations dashboard** by implementing real-time transaction monitoring and alerting for failed payment messages, directly supporting a major financial-services client.
- Developed automated **Python** scripts for data validation and reconciliation workflows, reducing the time to identify and resolve discrepancies by **30%**.
- Maintained high availability of the production environment through proactive monitoring and incident response, adhering to strict SLAs and audit trail requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
