PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed a portfolio of structured finance deals, ensuring accurate **transaction setup** and maintenance by interpreting complex legal documents and instructing external payments, reducing processing errors by **15%**.
- Executed daily **cash movement reporting** to Treasury for a portfolio of ABS, RMBS, and CMBS transactions, achieving **100%** on-time delivery and supporting accurate financial oversight.
- Validated investor reports and performed **IPD reconciliations** for structured finance deals, collaborating with Servicer data collection teams to maintain accurate ledgers and reduce reconciliation discrepancies by **20%**.
- Resolved transactional and deal-related issues by liaising with operations and acting as a focal point for allocated clients, improving client inquiry response times by **25%**.
- Developed and maintained **Excel macros** for automated data collection and reporting of loan and interest payments, accelerating data processing for 50+ deals by **30%**.
- Contributed to **new transaction implementations** by liaising with operations teams, ensuring seamless integration and adherence to deal-specific requirements, supporting a **10%** increase in managed deal volume.

SKILLS

Structured Finance – ABS, RMBS, CMBS, Loan Servicing, Cash Management, Relationship Management, Transaction Management, Investor Reporting, IPD Reconciliations, Deal Interpretation

Financial Services Operations – Corporate Trust, Trustee Services, Agency Services, Account Bank, Agent Bank, Paying Agent, Security Agent, Ledger Maintenance, Payment Instructions

Technical Skills – Advanced Excel, Macros, SQL, Java Spring Boot, Python, AWS, Linux

Data Analysis & Reporting – Power BI, Tableau, DAX, Power Query, Data Modelling, Statistical Analysis, R, pandas, NumPy

Project Management & Support – Agile/Scrum, Jira, Confluence, Change Management, UAT Coordination, Incident Response, Production Support, SLA Management

Compliance & Regulation – GDPR Awareness, Audit Trails, Regulatory Compliance, Internal Controls

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Automated Structured Finance Deal Monitoring Platform

- Developed a comprehensive platform using **Java Spring Boot** and **PostgreSQL** to automate the monitoring of structured finance deals, integrating with external data feeds for servicer data and investor reports.

- Implemented automated reconciliations for loan collections and interest payments, reducing manual effort by **40%** and improving the accuracy of ledger maintenance.
- Built a **Power BI dashboard** for real-time visualization of deal performance metrics, cash movements, and potential breaches, enabling proactive issue resolution and supporting client relationship management.

Payments Operations Dashboard Enhancement

- Enhanced a financial-services client's payments operations dashboard by developing **Python scripts** for data pipeline automation and implementing **SQL** queries for transaction monitoring and reconciliation workflows.
- Improved the observability of failed transaction messages by integrating **Splunk** alerts, reducing the mean time to detect (MTTD) by **30%**.
- Supported production environments with strict SLAs and audit trails, contributing to a **99.9%** uptime for critical transaction processing functions.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
