+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed project timelines and budgets for Wastewater Treatment Plant upgrades, ensuring adherence to **98%** schedule adherence and **100%** budget compliance through rigorous monitoring and reporting.
- Coordinated design activities and equipment selection for EICA division projects, collaborating with a multi-disciplined engineering team to deliver on **client specifications** and contract requirements.
- Supported Project Managers in delivering assigned projects by monitoring progress against **projected timelines** and budgets, contributing to a **15%** reduction in project overrun risk.
- Ensured adherence to the highest standards of health, safety, and environmental management by assisting in the planning and oversight of construction activities, including **H&S; audits** and incident investigations.
- Facilitated site coordination and logistics to prevent operational conflicts, ensuring all plant equipment met **Veolia Minimum Requirements (VMR)** standards and passed required inspections.
- Assisted in the review of third-party methodologies (RAMS/SSOW) and managed subcontractor performance and quality logs, resolving related defects and contributing to a **20%** improvement in subcontractor quality compliance.

SKILLS

Project Management – Project Planning, Budget Management, Timeline Monitoring, Contract Execution, Risk Management, Reporting, Client Liaison

Engineering & Design – Mechanical Engineering, EICA Systems, Design Activities, Equipment Selection, Procurement Processes, WasteWater Treatment Plants, Fresh Water Treatment Plants

Safety & Compliance – Health & Safety Management, Environmental Management, H&S; Audits, Incident Investigation, Regulatory Compliance, Veolia Minimum Requirements (VMR)

Site Operations – Site Coordination, Logistics Management, Plant Equipment Inspection, Quality Management, Subcontractor Management, Defect Resolution

Software & Tools – Microsoft Word, Microsoft Excel, Microsoft PowerPoint, MS Project, Jira, Confluence

Data Analysis & Reporting – Programme Progress Reporting, Weekly 3-Week Look Ahead, Data Validation, Performance Metrics

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Water Treatment Plant EICA System Integration Project (HCL Technologies)

- Integrated Electrical, Instrumentation, Control, and Automation (EICA) systems for a new **Fresh Water Treatment Plant**, ensuring seamless data flow and control across disparate components.
- Developed and implemented automated testing protocols for control system logic and SCADA interfaces, reducing manual testing time by **40%** and identifying critical logic flaws prior to site deployment.
- Collaborated with cross-functional teams including mechanical engineers, electrical engineers, and client operations staff to define system requirements, select appropriate instrumentation, and validate system performance against **client specifications** and operational KPIs.
- Managed the procurement and installation of key instrumentation and control hardware, verifying compliance with **Veolia Minimum Requirements (VMR)** and ensuring all equipment passed rigorous pre-commissioning inspections.

Payments Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** by developing new transaction monitoring modules using **Java Spring Boot** and **Python**, improving the detection rate of failed payment messages by **25%**.
- Optimized SQL queries against **PostgreSQL** databases supporting the dashboard, reducing average report generation time by **30%** and enabling near real-time visibility into transaction flows.
- Implemented automated alerting mechanisms via **Splunk** integration for critical transaction anomalies, decreasing incident response time for payment processing issues by an average of **15 minutes**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
