PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Engineered and maintained **AI-powered backend applications** using Python, achieving a **99.9% uptime** for critical services by implementing robust error handling and monitoring through **AWS CloudWatch**.
- Integrated **LLMs and multi-agent systems** into backend services, orchestrating complex workflows and reducing average task completion time by **30%** through efficient API interactions.
- Developed and deployed **front-end interfaces for GenAI applications** using **React** and **TypeScript**, ensuring compliance with W3C accessibility standards and improving user engagement metrics by **15%**.
- Implemented **MLOps practices** for model deployment and lifecycle management on **AWS SageMaker**, reducing deployment cycles from weeks to days and ensuring **98% model accuracy** post-deployment.
- Collaborated with cross-functional teams, including data engineers and product managers, to deliver end-to-end AI solutions, facilitating a **20% acceleration** in feature delivery for a key client project.
- Ensured secure and compliant development of AI systems, adhering to **GDPR** and **EU AI Act** guidelines, and maintaining comprehensive documentation on model strengths and limitations to support **Responsible AI** initiatives.

SKILLS

AI/ML Development – LLMs, Multi-Agent Systems, Semantic Kernel, LangChain, TensorFlow, PyTorch, Prompt Engineering, AWS SageMaker, Azure ML

Backend Development – Python, Java Spring Boot, REST APIs, GraphQL, Flask, FastAPI, Node.js, NestJS

Frontend Development – React, Vue.js, Angular, TypeScript, HTML, CSS, JavaScript, Storybook

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes, Jenkins, Git, CI/CD, MLOps

Data & AI Compliance – GDPR, EU AI Act, Responsible AI, Data Modelling, Data Warehousing, SQL (PostgreSQL, MySQL, Oracle)

Project Management & Collaboration – Agile Methodologies, Scrum, Jira, Confluence, UX Design Integration, Technical Documentation

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

AI-Powered Orchestration Platform (HCL Technologies)

- Designed and developed a **backend AI orchestration platform** using **Python** and **FastAPI** to manage multi-agent system interactions, processing over **1 million requests daily**.

- Integrated multiple **Large Language Models (LLMs)** via REST APIs, implementing sophisticated prompt engineering techniques to improve response accuracy by **25%** and reduce latency by **15%**.
- Deployed the platform on **AWS EC2** using **Docker** containers managed via **Jenkins** pipelines, ensuring high availability and enabling seamless integration with front-end applications developed in **React**.

Real-Time Transaction Monitoring Dashboard (HCL Technologies)

- Built and maintained a **payments operations dashboard** using **Java Spring Boot** and **PostgreSQL**, providing real-time visibility into transaction flows for a financial-services client.
- Developed automated alerting mechanisms for failed or stuck payment messages, reducing critical incident response times by **40%** and ensuring adherence to strict SLAs.
- Supported production environments with comprehensive logging and monitoring via **Splunk** and **Dynatrace**, facilitating efficient root cause analysis for P1/P2 incidents.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
