PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved over **150+ customer support tickets** weekly via email, live chat, and screen shares, exceeding **95% SLA compliance** for response times.
- Developed comprehensive **product knowledge** for WalkMe's Digital Adoption Platform, enabling effective guidance and best practice sharing for **50+ key accounts**.
- Collaborated with engineering teams to identify and troubleshoot **application log** and **browser dev tool** issues, reducing critical bug resolution time by **20%**.
- Documented **100+ technical solutions** and troubleshooting guides within the customer knowledge base, increasing self-service resolution rates by **15%**.
- Managed **cross-system integrations** and change control processes for enterprise business systems, ensuring **99.9% uptime** across interconnected platforms.
- Analyzed **transaction monitoring** data and reconciliation workflows for financial services clients, identifying anomalies and contributing to **10% reduction** in processing errors.

SKILLS

Technical Support – Customer Service, Problem-Solving, SLA Management, Incident Response, Communication (Email, Live Chat, Conference Calls).

Web Technologies – HTML, jQuery, CSS, Browser Developer Tools.

Programming & Scripting – Python, Java, Spring Boot, SQL.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Enterprise Systems – ERP Support, REST APIs, Change Management, Production Monitoring (Splunk, Dynatrace).

Data Analytics & BI – Power BI, DAX, Tableau, R, pandas, NumPy, Data Modelling.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

WalkMe Digital Adoption Platform - Customer Success Initiative (HCL Technologies)

- Developed and implemented a proactive customer engagement strategy for WalkMe's Digital Adoption Platform, improving user adoption rates by **25%** across a pilot group of **30 enterprise clients**.
- Created detailed **HTML and jQuery**-based in-app guidance modules and tutorials, directly addressing common user queries identified through analysis of **application logs** and support tickets.

- Authored and published **50+ knowledge base articles** and best practice guides, reducing inbound support volume by **18%** and increasing customer self-sufficiency.

Financial Services Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a financial-services operations dashboard by developing new **transaction monitoring** alerts and **reconciliation workflows**, improving detection of processing errors by **15%**.
- Automated data validation checks using **Python** scripts against **PostgreSQL** and **Oracle** databases, reducing manual verification effort by **10 hours** per week.
- Implemented production support improvements, including enhanced logging via **Splunk** and automated incident response playbooks, contributing to a **99.95%** system uptime.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
