

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Prepared detailed technical reports and trend analyses for laboratory data, supporting **cGMP and ISO compliance** initiatives and reducing data interpretation time by **15%**.
- Executed physical, chemical, and chromatographic testing on raw materials and finished goods, contributing to a **99.8% product release accuracy** rate.
- Developed and refined Standard Operating Instructions (SOIs) and Control Forms, enhancing laboratory procedural clarity and reducing process deviations by **10%**.
- Participated in method transfers, validations, and equipment qualifications for analytical instruments, ensuring instruments met required performance specifications for **pharmaceutical quality control**.
- Investigated Out-of-Specification (OOS) results by performing root cause analysis and implementing corrective actions, improving lab process reliability by **12%**.
- Managed laboratory documentation and supported audit preparations, maintaining an audit-ready environment that successfully passed **3 consecutive internal audits**.

SKILLS

Laboratory Testing – Chromatographic Testing, Compendia Testing, Raw Material Analysis, Finished Goods Testing, Physical Testing, Chemical Testing.

Analytical Techniques – AA, LC, GC, IR, HPLC, Spectrophotometry.

Quality & Compliance – cGMP, ISO Compliance, Standard Operating Procedures (SOPs), Audit Support, Method Validation, Equipment Qualification.

Data Analysis & Reporting – Trend Analysis, Technical Reporting, Data Visualization, Statistical Analysis.

Laboratory Operations – Lab Equipment Maintenance, Lab Project Participation, Continuous Improvement, Lean Sigma, Problem Investigation.

Documentation & Systems – Control Forms, Standard Operating Instructions (SOIs), Lab Documentation, IT Competence.

Core Technologies – Power BI, Tableau, SQL, Python, Java, R.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India

01/2021

PROJECTS

Laboratory Data Integrity & Compliance Enhancement Platform

- Developed a centralized data management system to consolidate raw material and finished goods testing results, improving data accessibility for **cGMP and ISO compliance** audits.

- Implemented automated data validation checks within the platform, reducing manual data entry errors by **20%** and ensuring accuracy for **chromatographic and chemical testing**.
- Generated automated trend reports and technical summaries using integrated **Power BI** dashboards, enabling faster decision-making for lab management and reducing report generation time by **30%**.

Automated Transaction Monitoring Dashboard

- Engineered a real-time dashboard for monitoring financial transaction flows, integrating data from multiple sources using **Python** and **SQL**.
- Implemented alerting mechanisms for identifying and flagging failed or delayed transactions, contributing to a **99.9%** uptime for critical payment processing workflows.
- Developed reconciliation workflows and audit trail capabilities to ensure data integrity and support regulatory compliance for financial operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
