PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Power BI dashboards**, integrating data from ERP systems and SQL databases, to provide insights for construction and data centre projects, resulting in a **15% improvement** in project tracking efficiency.
- Modeled, transformed, and cleansed data using **Power Query (M)** and **DAX**, combining sources like Excel and project management tools to create accurate and actionable reports for business stakeholders.
- Collaborated with project controls, commercial, finance, and operations teams to gather requirements and translate them into clear, insightful visual reports, ensuring alignment with project objectives.
- Automated recurring reporting processes by developing Python scripts and configuring Jenkins pipelines, reducing manual reporting effort by **40%** and improving data timeliness.
- Supported data quality, consistency, and governance across reporting outputs by implementing data validation checks and maintaining comprehensive documentation for datasets and reporting processes.
- Applied and promoted best practices in BI development and data visualization, contributing to a **10% increase** in stakeholder adoption of self-service reporting tools.

SKILLS

BI Development – Power BI, DAX, Power Query (M), Data Modelling, Data Visualisation, Business Intelligence.

Data Management – SQL, PostgreSQL, MySQL, Oracle, Data Warehousing, ETL.

Programming & Scripting – Python, Java, Spring Boot, R.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Enterprise Systems – ERP Systems, Project Management Tools, Jira, Confluence.

Analytics & Data Science – Pandas, NumPy, Scikit-learn, Statistical Analysis, Exploratory Data Analysis.

Reporting & Automation – Automated Reporting, Scheduled Reporting, Data Pipelines.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Construction Project Performance Dashboard (Power BI)

- Engineered a comprehensive **Power BI dashboard** for tracking construction project performance, aggregating data from disparate sources including **ERP systems**, project management software, and **SQL databases**.
- Developed complex **DAX measures** and intricate data models, alongside advanced **Power Query (M)** transformations, to ensure accurate calculation of KPIs such as budget variance, schedule adherence, and resource allocation, achieving **99.8% data accuracy**.

- Collaborated with cross-functional teams (project controls, finance, operations) to define reporting requirements, delivering interactive visualizations that enabled data-driven decision-making and reduced reporting lead time by **30%**.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed and maintained a **payments operations dashboard** for a financial services client, focusing on real-time **transaction monitoring** and operational alerting for failed or delayed payment messages.
- Implemented automated data pipelines using **Python** and **SQL** to ingest and process high-volume transaction data, supporting reconciliation workflows and ensuring adherence to strict SLAs for production environments.
- Enhanced system observability through integration with monitoring tools like **Splunk** and **Dynatrace**, enabling proactive incident response and reducing critical system downtime by **12%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
