PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Orchestrated **production readiness** for gateway products and integrations, embedding **operational resilience** and **automation** by partnering with development teams to refine service lifecycles, achieving a **15% reduction** in critical incidents.
- Implemented **sustainable incident response** protocols and led **blameless postmortems**, optimizing Mean Time to Recovery (MTTR) by **20%** through root cause analysis and proactive system enhancements.
- Developed and maintained **automation pipelines** for certificate renewal, traffic routing, and alerting using **Ansible** and **XLR templates**, ensuring **100% error-free** on-boarding and implementation for new services.
- Supported **CI/CD pipelines** for software promotion and operational gating using **Jenkins** and **Git**, contributing to a **30%** increase in deployment velocity while maintaining strict compliance standards.
- Enhanced **monitoring and observability** by configuring **Splunk** and **Dynatrace** alerts for proactive issue detection, reducing system downtime by **18%** through early identification of performance degradation.
- Managed **certificate lifecycle management** and ensured **mutual TLS** configurations for secure client-server relationships, supporting **PCI compliance** and reducing security vulnerabilities by **25%**.

SKILLS

DevOps & SRE – Site Reliability Engineering, DevOps, BizOps, Incident Management, CI/CD, Jenkins, Git, Bitbucket, Ansible, XLR, Chef, Groovy, Shell Scripting, Automation Pipelines, Certificate Lifecycle Management, ITSM

Cloud & Infrastructure – AWS, EC2, S3, Lambda, CloudWatch, Docker, Linux, NGINX Configuration, BIG-IP F5 Load Balancers

Networking & Security – gRPC, Mutual TLS, SSL Handshake, SSH Keys, Encryption Standards, Network Layers (L1-L7), Client-Server Relationships, Application Firewalls

Observability & Monitoring – Splunk, Dynatrace, Logging, Alerting, Performance Monitoring

Protocols & Architectures – gRPC Event-Driven Architectures, REST APIs, OAuth, SAML, LTPA, SSO

Authentication & Authorization – Active Directory, Mutual TLS, SSO, OAuth

Compliance & Governance – PCI Compliance, Safety & Soundness, GDPR Awareness, Regulatory Compliance, Audit Trails

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Automated Gateway Resilience Platform (HCL Technologies)

- Engineered an end-to-end **Resilience Platform** for payment gateways, integrating **gRPC** event-driven architectures with **AWS** infrastructure to enhance operational uptime by **22%**.
- Developed automated **CI/CD pipelines** using **Jenkins** and **Ansible** to manage deployment, traffic routing, and certificate renewal for a fleet of over 100 gateway instances, reducing manual deployment time by **40%**.
- Implemented comprehensive **monitoring and alerting** using **Splunk** and **Dynatrace**, establishing proactive issue detection and a **15% reduction** in critical incident response times.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed and maintained a **payments operations dashboard**, providing real-time transaction flow monitoring and operational alerting for failed payment messages, supporting a major financial services client.
- Ensured adherence to strict SLAs and audit trail requirements within production environments, contributing to regulatory and GDPR awareness for critical financial operations.
- Collaborated with cross-functional operations teams and business analysts to gather requirements, support UAT, and perform post-implementation triage for the dashboard.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
