

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **API Gateway services** using **Scala** and **Akka Streams**, contributing to the reliability of Workday's integration layer and handling over 10 million daily API calls.
- Implemented robust **routing, validation, and authentication logic** within distributed systems, reducing unauthorized access attempts by **40%** and ensuring secure communication channels.
- Contributed to the development of highly scalable and resilient **distributed systems**, enhancing request throughput by **30%** during peak operational periods.
- Authored clean, well-documented, and testable code for **API Gateway services**, improving code maintainability and reducing bug resolution time by **25%** through comprehensive unit and integration testing.
- Diagnosed and resolved complex production issues across distributed services, achieving a **99.95% service uptime** and minimizing customer-impacting incidents through proactive monitoring with **Splunk** and **Dynatrace**.
- Collaborated with multi-functional teams to deliver high-quality solutions for **API integrations**, participating in knowledge-sharing sessions and code reviews to elevate team standards and accelerate feature delivery.

SKILLS

Languages – Scala, Java, Python, SQL, R

Frameworks & Libraries – Akka HTTP, Akka Streams, Spring Boot, pandas, NumPy, scikit-learn

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Databases – PostgreSQL, MySQL, Oracle

Development Practices – API Development, Distributed Systems, CI/CD (Jenkins), Git, Agile/Scrum, Unit Testing, Integration Testing

Observability & Monitoring – Splunk, Dynatrace

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Warehousing

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Real-Time Distributed API Gateway for Enterprise Integrations

- Engineered a highly available **API Gateway** using **Scala** and **Akka Streams** to manage ingress traffic for a large-scale enterprise application, processing over 500,000 requests per minute.
- Implemented advanced **request validation and transformation logic**, enforcing data integrity and security policies, which resulted in a **99.8% reduction** in malformed request errors.

- Developed comprehensive **observability** features, integrating **Splunk** for logging and **Dynatrace** for real-time performance monitoring, enabling proactive issue detection and reducing incident response time by **60%**.
- Designed and deployed the gateway on **AWS** using **Docker** containers orchestrated via basic containerization principles, ensuring scalability and resilience across multiple availability zones.

Financial Services Transaction Monitoring Dashboard

- Developed and supported a **payments operations dashboard** for a financial services client, focusing on real-time **transaction monitoring** and alerting for payment message flows.
- Automated data retrieval and reporting using **Python** and **SQL** against PostgreSQL and Oracle databases, improving the efficiency of reconciliation workflows by **35%**.
- Managed change control processes and supported UAT for system configuration updates, ensuring seamless integration with existing ERP and business systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
