

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented automated data validation scripts using **Python**, reducing manual data checking effort by **40%** for environmental compliance reports.
- Developed interactive **Power BI** dashboards to visualise key environmental metrics and project progress, improving stakeholder understanding and decision-making by **25%**.
- Managed and maintained production environments for a financial-services operations dashboard, ensuring **99.9%** uptime through proactive monitoring with **Splunk** and incident response.
- Contributed to the design and integration of enterprise business systems, ensuring seamless data flow across platforms via **REST APIs** and database operations, supporting **3** critical business functions.
- Executed **SQL** queries and schema modifications across **PostgreSQL** and **Oracle** databases for data analysis and system integration tasks, supporting **15+** ad-hoc reporting requests monthly.
- Collaborated with cross-functional teams to gather requirements and support User Acceptance Testing (UAT) for system enhancements, ensuring successful deployment of **5** major feature releases.

SKILLS

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, R, RStudio, pandas, NumPy, scikit-learn, Statistical Analysis, Data Modelling, Data Warehousing, Business Intelligence

Backend Development – Java, Spring Boot, Python, Flask, FastAPI, REST APIs, Microservices

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting, Jenkins, Git, CI/CD

Databases – PostgreSQL, MySQL, Oracle, SQL

Monitoring & Support – Splunk, Dynatrace, CloudWatch, Incident Response, Production Support, Change Management, Jira, Confluence

Engineering Principles – Geology & Resource Estimation, Mining Operations, Geotechnical Engineering, Hydrology, Tailings Management, Waste Management, Heap Leach Design, Mine Closure Studies, Financial Assessments, QA/QC Services, Soil Mechanics, Geosynthetic Materials Engineering, Civil Engineering

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Environmental Data Analytics Platform (MSc Project)

- Developed a comprehensive data analytics platform using **Python** and **pandas** to ingest and process diverse environmental datasets, including geological survey data and hydrological readings.

- Created dynamic, interactive dashboards in **Power BI** and **Tableau**, visualising key environmental indicators such as water quality, soil composition, and resource estimation accuracy, achieving a **30%** improvement in data accessibility for stakeholders.
- Implemented statistical analysis and time-series forecasting models using **R** to predict environmental impact trends and support sustainable mine waste management strategies.

Payments Operations Monitoring Dashboard (HCL Technologies)

- Engineered production support solutions for a financial-services client's payments operations dashboard, focusing on transaction monitoring and operational alerting for failed payment messages.
- Automated incident detection and response workflows using **Python** scripting and log analysis tools like **Splunk**, reducing average incident resolution time by **20%**.
- Supported regulatory and GDPR-aware production environments, ensuring data integrity and audit trails were maintained for all transaction processing activities.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
