PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Prepared comprehensive monthly management accounts and financial reports, achieving a **15% reduction** in closing time by streamlining data aggregation processes.
- Supported the annual budgeting and forecasting cycles, contributing to a **5% improvement** in forecast accuracy through detailed variance analysis.
- Executed detailed financial analysis and variance reporting, identifying key performance drivers and presenting findings that informed **strategic business decisions**.
- Reconciled complex balance sheet accounts, including intercompany balances and accruals, resolving discrepancies and ensuring **financial record accuracy** with a **99.8% reconciliation rate**.
- Assisted in the preparation for year-end audits, compiling necessary documentation and liaising with external auditors, which facilitated an **unqualified audit opinion**.
- Maintained meticulous financial records and implemented internal controls, ensuring compliance with ****GDPR**** and internal policies, thereby preventing **compliance breaches**.

SKILLS

Financial Reporting & Analysis – Management Accounts, Financial Reports, Budgeting, Forecasting, Variance Analysis, Balance Sheet Reconciliation, Audit Preparation

Business Systems & Tools – Microsoft Excel (Advanced), General IT Systems, Jira, Confluence

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, SQL (PostgreSQL, MySQL, Oracle)

Programming & Automation – Python, Java, Spring Boot, REST APIs, Shell Scripting

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Project Management & Support – Agile/Scrum, CI/CD (Jenkins), Incident Response, Change Management, UAT Coordination

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Financial Reporting & Business Intelligence Dashboard (MSc Data Analytics)

- Developed an interactive **Power BI dashboard** consolidating financial data from multiple sources, enabling real-time insights into key performance indicators for stakeholder review.
- Designed and implemented complex **DAX measures** and Power Query transformations to model financial data, supporting scenario analysis and forecasting initiatives.

- Published reports and dashboards to the Power BI service, facilitating **data-driven decision-making** across business units and achieving a **30% faster** report generation cycle.

Automated Financial Reconciliation Workflow (HCL Technologies)

- Engineered a **Python-based automation script** to reconcile high-volume transaction data between disparate systems, reducing manual reconciliation effort by **40%**.
- Integrated the script with **PostgreSQL** databases to extract and validate transaction records, ensuring data integrity and flagging discrepancies for operational review.
- Implemented error handling and logging mechanisms, improving the reliability of the reconciliation process and providing clear **audit trails** for financial operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
