PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Evaluated and critically assessed **AI-generated outputs** for quality and usability, identifying inconsistencies and improvement opportunities across diverse content types, contributing to a **15% reduction** in model error rates through structured feedback.
- Provided insightful, nuanced feedback on **AI model performance** by applying structured evaluation guidelines, directly informing iterative improvements to core reasoning and output generation capabilities.
- Collaborated with cross-functional teams to define and refine **quality standards and scoring criteria** for AI content evaluation, ensuring consistent and reliable results across a **5,000-item dataset**.
- Supported the development of **training data** that enhances AI system performance and reliability by meticulously reviewing and annotating a range of creative and textual outputs.
- Managed **production support and monitoring** for enterprise applications using **Splunk** and **Dynatrace**, achieving and maintaining **99.9% SLA compliance** for critical financial-services operations.
- Automated **ETL processes and scheduled reporting** using **Python scripting**, reducing manual data processing time by **40%** and improving data accuracy for business stakeholders.

SKILLS

AI Evaluation – AI Output Assessment, Content Quality Review, User Experience Analysis, Feedback Provision, Training Data Development, Quality Standards Definition.

Software Engineering – Java Spring Boot, Python, REST APIs, SQL, AWS, Docker, Linux, Git, Jenkins.

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, R, pandas, NumPy, Statistical Analysis, Data Modelling.

Operations & Support – Production Support, Incident Response, SLA Management, Monitoring (Splunk, Dynatrace, CloudWatch), Change Management.

Enterprise Systems – ERP Support, Business Systems Integration, Database Management (PostgreSQL, MySQL, Oracle).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

AI Content Quality Assurance Platform (Self-Directed)

- Developed an end-to-end **AI Content Quality Assurance Platform** to systematically evaluate AI-generated text and visual outputs, achieving a **98% accuracy rate** in identifying critical quality deviations.

- Implemented **structured evaluation guidelines and scoring criteria** using Python and pandas, enabling cross-functional teams to provide consistent, nuanced feedback that directly informed model retraining cycles.
- Integrated an **annotation workflow** and reporting dashboard powered by **Power BI**, visualizing key performance indicators for AI model output quality and reducing average review time by **22%**.
- Managed the ingestion and processing of **100,000+ AI-generated content samples**, ensuring data integrity and preparing robust training datasets for advanced AI model enhancement.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Built and maintained a **payments operations dashboard** using **Java Spring Boot** and **PostgreSQL** to monitor transaction flows and operational alerting for financial-services clients.
- Developed **Python automation scripts** for data validation and reconciliation workflows, improving the efficiency of anomaly detection and reducing manual intervention by **30%**.
- Ensured compliance with **GDPR awareness** and audit trail requirements within the production environment, supporting strict SLAs for transaction processing.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
