

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Evaluated and critically assessed **AI-generated outputs**, identifying inconsistencies and weaknesses to inform model improvements, achieving a **95% accuracy rate** in identifying erroneous responses.
- Applied structured evaluation guidelines and provided nuanced feedback on clarity, usability, and overall user experience for diverse content types, contributing to a **15% reduction in reported user issues**.
- Collaborated with cross-functional teams to define and refine quality standards and scoring criteria for AI model evaluation workflows, enhancing review process efficiency by **20%**.
- Developed and supported the creation of training data that directly enhanced **AI system performance** and reliability, leading to a measurable improvement in key performance indicators.
- Managed production support and incident response for enterprise applications using **Splunk** and **Dynatrace**, maintaining service level agreements (SLAs) for critical financial-services operations.
- Automated data validation and reporting tasks using **Python scripting** and **SQL** across PostgreSQL and Oracle databases, reducing manual effort by **30%**.

SKILLS

AI Evaluation – AI output assessment, Quality assurance, User experience evaluation, Content analysis, Structured feedback, Annotation workflows

Programming & Scripting – Python, Java, Spring Boot, SQL

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, R, pandas, NumPy

Enterprise Systems – ERP support, Business systems integration, Change management, REST APIs

Operations & Monitoring – Splunk, Dynatrace, Incident response, SLA management, Production support

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

AI Content Quality Assurance Platform

- Developed a comprehensive QA framework for evaluating AI-generated text and visual outputs, defining metrics for accuracy, coherence, and user experience to guide annotator efforts.
- Implemented automated checks and anomaly detection using Python and SQL against predefined guidelines, reducing manual review time for content batches by **40%** and improving consistency across evaluators.

- Integrated feedback loops from AI evaluation specialists into model training pipelines, directly influencing iterative improvements that boosted model performance on benchmark tasks by **18%**.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a payments operations dashboard by implementing real-time transaction monitoring and alerting for failed payment messages, ensuring adherence to strict operational SLAs.
- Supported incident response and root cause analysis for critical payment processing issues, contributing to the maintenance of audit trails and regulatory awareness within the production environment.
- Collaborated with business analysts to refine reconciliation workflows and operational reporting, improving the visibility of transaction statuses for financial operations teams.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
