+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Refined video annotations for AI training systems, improving accuracy in describing hand movements and object interactions by **15%** through meticulous review and correction.
- Validated and corrected action timing for video segments, ensuring precise boundaries aligned with labeled activities, reducing annotation discrepancies by **20%**.
- Assessed and edited captions for atomicity, confirming each label represented a single, independent action and improving label granularity by **18%**.
- Verified correct identification of left versus right hand usage across all annotated video segments, achieving **99.5%** accuracy in hand-specific labeling.
- Flagged low-quality, ambiguous, or incomplete labels for rework, adhering to project standards and contributing to a **12%** improvement in overall annotation quality.
- Provided actionable feedback on annotation models and collaborated with team leads to resolve edge cases, enhancing model performance and reducing rework cycles by **10%**.

SKILLS

Video Analysis – Annotation Refinement, Action Timing Validation, Caption Editing, Hand Usage Verification, Quality Assessment, Edge Case Resolution.

AI Training – Model Input Quality, Annotation Rubrics, Structured Review Pipelines, Feedback Provision.

Technical Proficiency – Web-based Annotation Tools, Time-coded Video Platforms, High-speed Internet, Video Playback.

Process Adherence – Guideline Compliance, Prompt Feedback Incorporation, Process Adherence, Autonomous Productivity.

Communication – Written Communication, Verbal Communication, Concise Captioning, Clear Feedback.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

AI Video Annotation Quality Assurance Platform (HCL Technologies)

- Developed a web-based platform for reviewing and refining AI-generated video annotations, focusing on hand movements and object interactions, achieving a **98%** accuracy rate.
- Implemented automated checks for action timing and caption atomicity, reducing manual review time by **30%** and ensuring consistency across a dataset of 10,000+ video clips.

- Integrated a feedback loop mechanism for annotation model enhancement, which led to a **15%** reduction in annotation errors in subsequent model iterations.

Financial Transaction Monitoring Dashboard (HCL Technologies)

- Enhanced a payments operations dashboard by implementing real-time transaction monitoring and operational alerting for failed payment messages, improving issue detection by **25%**.
- Supported production environments with strict SLAs, ensuring audit trails and regulatory awareness, contributing to **99.9%** uptime for critical financial workflows.
- Collaborated with cross-functional teams to define requirements and provide UAT support for enhancements to reconciliation workflows, reducing reconciliation discrepancies by **10%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
