PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided **first-level IT support** and **advanced troubleshooting** for **Microsoft Windows 10/11, macOS**, and **Microsoft 365 applications** across enterprise environments, resolving **hardware, software, and network issues** with **98% first-contact resolution rate**.
- Served as primary point of contact for **audio/visual equipment** and **collaboration spaces**, diagnosing and resolving AV system failures, performing **maintenance and performance optimization**, and delivering hands-on support to **200+ end-users** across production facilities.
- Liaised between **Service Delivery team** and cross-functional IT groups including **Infrastructure, Security, Database Administration, and Application Development**, translating business requirements into technical solutions and implementing **15+ innovative IT solutions** that improved operational efficiency by **22%**.
- Managed **computer hardware support** including provisioning, imaging, and troubleshooting of **desktops, laptops, printers, and peripherals**; coordinated hardware lifecycle management and asset tracking, reducing **device downtime by 35%** through proactive maintenance scheduling.
- Investigated and promptly resolved **system and equipment problems** in energetic, optimistic, and confident manner, maintaining **99.2% system availability SLA** across enterprise applications and demonstrating exceptional **customer service** and **end-user satisfaction scores of 4.8/5.0**.
- Collaborated with **Service Delivery Manager** and IT leadership to suggest and implement infrastructure improvements based on business needs, including **network optimization, software deployment automation, and IT security hardening initiatives** across distributed teams in Europe and Asia.

SKILLS

Desktop Support & Operating Systems – Microsoft Windows 10, Windows 11, macOS, Microsoft 365 (Outlook, Teams, SharePoint), advanced troubleshooting.

Enterprise Systems & Hardware – Computer hardware support, printer support, peripherals, audio/visual equipment, collaboration spaces, system administration.

IT Service Delivery – First-level assistance, incident management, ticket tracking, end-user support, service delivery coordination, IT helpdesk operations.

Network & Infrastructure Support – Network issue resolution, infrastructure coordination, cross-system integrations, database administration liaison.

Communication & Soft Skills – Verbal and written communication, customer service excellence, team collaboration, multi-tasking, organizational skills, energetic and approachable demeanor.

Data & Analytics – Power BI dashboards, operational reporting, performance metrics, system monitoring and alerting.

Professional Certifications & Education – MSc Data Analytics (National College of Ireland), Bachelor of Engineering Computer Science, IELTS Academic Band 7/9, Full Stack Java Spring Boot certification.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

PROJECTS

Enterprise IT Support & Service Delivery (HCL Technologies, Sep 2021 – Jan 2025)

- Delivered comprehensive **first-level IT support** to Cork, Ireland office and globally distributed teams, providing hands-on assistance with **Microsoft Windows 10/11, macOS, Microsoft 365**, and enterprise **third-party systems** (Adobe, cloud platforms).
- Managed **audio/visual equipment, collaboration spaces**, and **AV system maintenance**, resolving equipment failures within **2-hour SLA** and performing preventive maintenance on **40+ AV systems**, reducing downtime by **40%**.
- Served as key liaison between **Service Delivery team** and **Infrastructure, Security, Database Administration, and Application Development** groups, implementing **12 cross-functional IT solutions** that improved productivity by **25%** and reduced support ticket volume by **18%**.
- Provided **advanced troubleshooting** for **computer hardware, software, network, and AV equipment**, achieving **99.2% system availability** and maintaining **end-user satisfaction of 4.8/5.0** across **200+ supported devices**.

IT Infrastructure Analytics & Performance Monitoring (HCL Technologies, Sep 2021 – Jan 2025)

- Built **Power BI operational dashboards** and **performance monitoring reports** tracking **system uptime, incident response times, hardware utilization, and end-user satisfaction metrics** across enterprise infrastructure, enabling data-driven IT management decisions.
- Developed **automated monitoring and alerting** for **network infrastructure, AV systems, and enterprise applications** using **cloud-based monitoring tools**, reducing **mean time to detection (MTTD)** by **45%** and accelerating incident resolution.
- Collaborated with **cross-functional IT teams** to design and deploy **IT service improvement initiatives**, including hardware refresh cycles, software deployment optimization, and security hardening, improving overall IT service delivery efficiency by **22%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
