PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **1st and 2nd level support** to enterprise end users across **Windows, MacOS, and virtual desktop environments** (Azure Virtual Desktop, Citrix) at HCL Technologies, resolving **P1/P2 incidents** within agreed SLAs across diverse client portfolios.
- Administered **Microsoft 365 applications** including **Teams, OneDrive, and SharePoint**; performed **Active Directory** operations (user creation, password resets, group management) supporting 500+ enterprise users across banking and ERP domains.
- Executed **Office 365 and Azure migrations** for enterprise banking clients, coordinating user onboarding, device configuration, and post-migration support while maintaining **security and compliance** standards across production environments.
- Provided onsite and remote **field support** for desktops, laptops, **printers**, mobile devices (**iOS, MacOS**), and peripherals; logged and tracked **tickets** in **Jira**, escalating technical issues to senior engineers following established procedures.
- Assisted senior engineers with **device deployments** and small project tasks, including **virtual desktop environment** provisioning and **Google Workspace / Slack** integration support for cross-functional business teams.
- Supported **MSP-style** multi-client operations with strong **customer-focused communication**, translating technical troubleshooting into business outcomes and maintaining detailed **operational standards** for security, compliance, and SLA adherence.

SKILLS

Operating Systems & Endpoints – Windows OS, MacOS, iOS, virtual desktop environments, Azure Virtual Desktop, Citrix, VMware Horizon.

Microsoft 365 & Cloud – Microsoft 365 applications, Teams, OneDrive, SharePoint, Active Directory, Azure migrations.

Productivity & Collaboration – Google Workspace, Slack, Office 365 administration.

Support & Service Management – 1st and 2nd level/escalation support, field support, ticket management, SLA management, Jira, incident response.

Technical Troubleshooting – desktop and laptop support, printer troubleshooting, mobile device configuration, MacOS and iPhone setup, system integration.

Soft Skills & Compliance – customer-focused communication, security and compliance procedures, change-control management, cross-functional collaboration.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Banking Client Support & Microsoft 365 Migration (HCL Technologies)

- Delivered **1st and 2nd level support** across **Windows, MacOS, and Azure Virtual Desktop** environments for a banking client, resolving endpoint and application issues within SLA targets.
- Coordinated **Office 365 and Azure migrations** for 200+ banking users, managing **Active Directory** provisioning, **Teams** rollout, **OneDrive** and **SharePoint** configuration, and user training to ensure zero-downtime transition.
- Managed **mobile device support** for **iOS** and **MacOS** endpoints, including device setup, configuration troubleshooting, and compliance with banking security standards; escalated complex issues to senior engineers following change-control procedures.
- Supported **Google Workspace** and **Slack** integrations for cross-functional teams, ensuring seamless adoption and minimizing business disruption; maintained detailed ticket logs in **Jira** and communicated resolution status to stakeholders.

ERP & Enterprise Business Systems Helpdesk Support (HCL Technologies)

- Provided **field support** and onsite troubleshooting for enterprise ERP system users, resolving hardware, software, and system integration issues across interconnected business platforms.
- Assisted senior engineers with **device deployments** and system configuration tasks across ERP environments, coordinating **virtual desktop environment** provisioning and user access management in alignment with change-control and compliance policies.
- Executed IT operations support including **printer** and peripheral troubleshooting, **Active Directory** user management, and **Microsoft 365** application troubleshooting for 300+ ERP system users, maintaining **security and compliance** standards for financial-services production environments.
- Demonstrated strong **customer-focused communication** with non-technical business users, translating complex technical issues into actionable resolutions and providing clear escalation pathways for P1/P2 incidents within agreed SLAs.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
